THE 1967 ASKLEPIEION

U. T. MEDICAL UNITS • • • MEMPHIS, TENNESSEE

In the ancient city of Memphis on the Nile there was a great medical center where men gathered for the study and practice of the healing arts. In this medical center a temple was erected and named the Asklepieion. And so for those who come to the great medical center in Memphis on the Mississippi for the study and practice of the healing arts, we dedicate our Asklepieion.

*For here our lives are molded in terms of reference books,
millimeters, and carving wax . . .*

... and while our lives are influenced by learning and developing new techniques and skills, we still seek that precious moment of relaxation.

*From our efforts come the knowledge attained
from research, and our technical skills develop
with advanced training . . .*

. . . while we find that our hours are filled with standing in lines, in labs, in clinics, in lectures, participating in intramurals, we visualize in the not too distant future . . .

... that grand day of reckoning.

*But life in the Medical Units still goes on, and on,
and on. . . .*

Governor

THE HONORABLE BUFORD H. ELLINGTON

Chancellor and Administration

The word, "challenge," is a frequently overworked one, used on occasion to the point of triteness. Yet if ever the word had a meaning, it is now when applied to the person about to embark on a career in a rapidly changing, often confusing and frightening world.

Yours is the challenge not only to make good use of your skills, but also to maintain the balance and perspective expected of those who serve the ill and the troubled. And perhaps your most difficult accounting of the future will be in trying to continue to learn, to "keep up," as it were, with things yet to be discovered in the exploding field of medical knowledge.

Our trust and confidence in each of you.
Homer F. Marsh, Ph.D.

The Alpha Omega Alpha Honor Medical Society was organized at the College of Medicine, University of Illinois, August 25, 1902. The Society comprises three classes of members: (1) undergraduate membership based entirely upon scholarship, personal honesty, and potential leadership; (2) Alumni and Faculty Membership granted for distinctive achievements in the art and practice of scientific medicine, and (3) honorary membership awarded to eminent leaders in medicine and the allied sciences. The motto of Alpha Omega Alpha is "to be worthy to serve the suffering." In its aim and purposes toward attaining highest ethical and professional standards, the society is closely allied with the Council on Medical Education and other allied organizations. Only colleges and schools of medicine of the highest rank may be granted charters of Alpha Omega Alpha Honorary Medical Society.

Student American Medical Association

The Student American Medical Association is an organization of students representing medical schools from every part of the country and today is one of the five largest medical organizations in the United States.

At Tennessee the chapter is made up of a majority of the medical student body and its activities encompass all facets of the students' academic life through the function of standing committees. With American medicine in a period of dynamic change, groups such as the curriculum evaluation and medical legislation committee in SAMA have an obviously important function. Honoring outstanding faculty members with the annual Gold Apple Awards is an important event in progress towards better student-

faculty relationships. The student-faculty smokers are one of the high spots of the season where each newly entering class is honored with a reception and the opportunity to meet the Dean and faculty on an informal basis.

Through liaison with county and state medical societies SAMA learns of, and participates in, the practice of medicine through preceptorships and attendance at conventions on the state level. SAMA through these many activities accepts a role of responsibility in the medical community. A singular honor was given to the local chapter with the election of John Olds, National Vice-President at the 16th Annual Convention in Los Angeles last year.

Jim Cox presents the "Golden Apple" award to Dr. Louis Britt, Department of Surgery, as Ken Prebil looks on.

The traditional pewter mug for the outgoing president, Jim Cox, presented by President elect, Claude Ledes.

Dr. Frederico Fuste, this year's basic sciences winner of the "Golden Apple" award. There's a \$100 check attached, too.

The American Medical Women's Association at the University of Tennessee unites the women enrolled in the College of Medicine for their mutual advantage in a demanding course of preparation for a predominantly male-oriented profession.

The Association functions to stimulate social and co-operative relations within the medical community under a charter granted the U.T. medical women in 1965. Off-campus social functions provide opportunity for relaxation, furthering relationships with fellow students, and making new acquaintances away from the routine of clinical, lecture and laboratory experience.

Affiliation with the national AMWA brings the U.T. medical women into contact with established women physicians, allows them to participate in the Association's projects and benefits and to attend the national conventions.

Perhaps the most vital capacity served by the Association is to remind the woman medical student that she is not alone, and that girls who aspire to medicine can succeed as women as well as physicians.

The Honor System of the College of Medicine was instituted in January, 1961, and all classes entering thereafter are required to sign the Honor Pledge. Young men and women who are privileged to enter the College of Medicine are considered to be mature, honorable adults and are treated as such.

The Honor Council is composed of two elected representatives from each class of the College of Medicine. Infractions of the Honor Code are reported in writing to the prespective council members. The Council then convenes and reaches a decision as to guilt or innocence and formulates a recommendation which is delivered to the administration for ultimate action.

The Honor Code was written by students and for students for the purpose of relieving a portion of the pressure inherent in taking frequent examinations, and at the same time insuring the marks are honestly obtained. A passing grade dishonestly earned leaves a character deficit which can never be remedied.

FIRST ROW: James M. Alexander, President; William S. Muse, Secretary; William E. Allen. SECOND ROW: Stanley B. Archer, James S. Caraway, James K. Creasy. THIRD ROW: Randy W. Crenshaw, Walter H. Officers and committee chairmen who planned the December senior luncheon held at the Embers.

Setting up the book exchange which serves both as a service project and a fund-raising event are Betty Davis, Virginia Tyler, Ellie Cate and Kathy Smith.

In 1939 a group of medical students' wives formed a small social club—The Original Junior Medical Auxiliary. Since its beginnings Junior Medical Auxiliary has grown and expanded its horizons. In 1959 Junior Medical Auxiliary was installed as a chapter to the national organization women's Auxiliary to the Student American Medical Association.

The objectives of J.M.A. are threefold: to encourage friendship and good fellowship among medical students' wives, to prepare for the future role as physician's wives, and to serve the community and medical school.

Meetings on the second Tuesday of each month provide entertaining and stimulating programs to help the members of J.M.A. attain their goals.

IN MEMORIAM

DR. LEONARD W. GILL

December 20, 1921-April 3, 1967

Associate Professor, Crown Bridge and Partial Denture Prosthesis

The loss of such a man can never be adequately expressed in words. His knowledge and instruction will be greatly missed, but his inspiration for good dentistry will be with us through the years.

Our hope should be that we will love dentistry as much as he did.

Secretary

KENNETH M. CLEVELAND
Treasurer

The R. D. Dean Odontological Society was founded at the University of Tennessee on December 6, 1948. It is an honorary society for undergraduate students in the College of Dentistry. It was named by its founders to honor Dr. Richard Doggett Dean, former Dean of the College of Dentistry, and his wife, Dr. Marguerite Taylor Dean, former professor of Oral Pathology. Its membership consists of outstanding junior and senior students who are selected by a combined Faculty-Student Election Committee. The purpose of the society is to propagate and perpetuate professional ideals and ethics; to exert its influence untiringly for the advancement of the dental profession in methods of teaching, practice, and jurisprudence; to elevate and sustain the professional character and education of dentistry; to promote among them mutual improvement and good will; and to disseminate knowledge of dentistry and dental discoveries.

Student A. D. A.

The history of the University of Tennessee Chapter of the Student American Dental Association dates back to November 1955, when it was first organized. Since its beginning the present membership now stands at one hundred per cent of its eligible members. This fact is attributed to the hard work of the past and present sponsors, Dr. Robert Moyes and Dr. Joe Bell, along with the governing board of the officers and a representative from each of the twelve classes. The Student Chapter of the A.D.A. at U. T. has as its purpose to orient and interest the student in organized dentistry; to encourage active participation in organized dentistry after graduation; and to work with our colleagues in the promotion of progress and higher ideals in the dental profession.

Dr. Earl Pound (right) was the guest speaker at a Fall meeting.

Student A. D. H. A.

The Junior A.D.H.A. is an auxiliary of the American Dental Hygienist Association. Its purpose is to promote better dental health education and to prepare the dental hygiene student for her future career and membership in the ADHA. The campus activities of the Junior ADHA range from monthly meetings to fund-raising projects, such as bake sales and rummage sales.

Mrs. Barbara Shader, guest lecturer, explains "de'coupage" to J.D.A. members.

The spring quarter senior luncheon was held this year at the Top of the 100 Club.

The purpose of the Junior Dental Auxiliary is to prepare the dental student's wife for her future place in society and civic affairs while at the same time offering her a medium for new friendships and enjoyable experiences during her husband's schooling. This year the programs for our monthly meetings were sponsored by Dr. James Bugg and Dr. Frank Hudson, co-chairmen of the program committee, and Dean Shailer Peterson. These programs have been carefully chosen to meet the special interests of the dental wife with such topics as Pediatric Psychiatry, Local Dental Societies, Music Appreciation, Handling of Patients, Project Head Start, and many others.

Each quarter the dental wives sponsor a financial project for the purpose of raising funds for the Porter-Leath Children's Home. The money is used to supply them with badly needed dental supplies, promote dental health among the children, and provide them with birthday parties and outings.

The Auxiliary traditionally closes each quarter with the Senior Luncheon held in honor of the graduating Seniors' Wives, a final farewell to those who are standing at the threshold of a whole new future with their husbands in dentistry.

Meetings are designed to meet the interests of the members, as this one obviously did.

"It only hurts a minute."

Take me out to the ball game.

201, 202, 203.

And remember when that dental student tries to get you in the dark room . . .

Double, double—boil and trouble.

This sure beats the h— out of a crown and bridge lecture.

Why yes, I heard he was so light that he couldn't make tracks in tin oxide.

Yes, and then I'll clean your teeth.

And then there was a bunch of heavies.

Say, that was alright.

 Junior Pharmacy Auxiliary

Rho Chi

Rho Chi national honorary pharmaceutical society was established to promote the advancement of the pharmaceutical sciences through recognition and encouragement of scholarship. Alpha Nu Chapter was organized at the University of Tennessee in 1948.

New members are elected into the society after the completion of the fifth quarter of the College of Pharmacy. These candidates must have shown the capacity for achievement in the basic arts and sciences, as well as the art and science of pharmacy, as evidenced by strength of character, personality, and leadership. The high standards of scholarship demanded for election to membership, symbolized by the Rho Chi key, supplies a scholarship incentive unequalled by other awards.

Student American Pharmaceutical Association

Once again the American Pharmaceutical Association at the University of Tennessee had 100% membership of the student body.

A variety of informative speakers and programs were provided throughout the year in an effort to promote interest in Pharmacy's rapidly advancing and changing frontiers. Regional and National conventions, attended by several members, offered the opportunity of contact with other organized pharmacy groups from across the United States.

The Graduate staff has recently completed its publication which is presented to the pharmacists throughout the state. It provides a detailed listing of senior pharmacy

A large crowd attended the All Pharmacy Banquet.

Junior Pharmacy Auxiliary

The main purpose of the Junior Pharmacy Auxiliary is to encourage friendship among its members and provide entertainment for the student's family.

The club meets once each month for a business meeting and program. The family activities included a pot luck supper Christmas party and a picnic just prior to Graduation. The Christmas party gave the members an opportunity to meet three of the children from Les Passees Rehabilitation Center. The club contributed to the Center to help buy needed equipment.

The Auxiliary was honored to have Mrs. Albert Haskell and Mrs. Leland Cranford as sponsors. They were intro-

The Student Organization of the College of Nursing coordinates all activities involving the three nursing classes. Meeting monthly, the Student Council serves as the working unit of the organization. The yearly programs include a welcoming party and orientation for new students in the fall, a Halloween party for the children at Tobey Hospital, sponsorship of the Outstanding Student Nurse Contest in January, an all-student dance in the Spring, student-faculty teas, and a special tea for graduating seniors in May. In addition, this year the Council established a policy manual to guide student activities and helped to sponsor a student-faculty picnic.

The Student Council works with nursing faculty and the entire Medical Units in planning and implementing programs and in solving problems in the interest of nursing students. It strives to promote the personal and professional growth of each member of the organization.

U. T. Nurses Basketball Team

The 1966-67 U-T Nurses basketball team completed the most successful season in the school's history, winning sixteen straight games to finish undefeated against nursing school competition. Team honors included the 1966-67 Memphis Nurses' League title and the 1967 Cotton States Invitational Nurses Championship.

Enroute to the Cotton States title U-T defeated Knoxville U-T Hospital, Chattanooga Erlanger, and Ft. Smith St. Edwards, before winning a 37-33 come from behind thriller against Mississippi Baptist in the finals. Peggy Burch, team captain, and Sandy Peal were named to the Cotton States All Star team. Sandy was voted the most

valuable player in the tournament, the second guard in history to receive such an honor.

In addition to a sweep of the Memphis league, which included double wins over the nursing schools at the Baptist, Methodist, St. Joseph, and City of Memphis Hospitals, U-T was also unblemished on the road. In a November preview of the eventual Cotton States finals, U-T defeated Mississippi Baptist 47-41 at Jackson. A series with Indiana University began most successfully in January with a 76-10 win in Indianapolis. U-T also defeated Indiana Methodist 88-14 on the same trip. The final road game broke the Arkansas jinx as U-T defeated St. Edwards 38-21 at Ft. Smith in February.

Alpha Kappa Kappa

Alpha Kappa Kappa Medical Fraternity was founded September 29, 1888, at Dartmouth Medical School in Hanover, New Hampshire. It has grown from this beginning until it now has thirty-two chapters in the United States and Canada, and is the second largest medical fraternity in the world. Omega Chapter of Alpha Kappa Kappa was organized on the University of Tennessee College of Medicine campus on March 24, 1903. Omega is thus the tenth oldest chapter of AKK and the oldest medical fraternity at the University of Tennessee.

Located conveniently close to hospitals and classrooms at 747 Court Avenue, the chapter house has room for 32 men. Here resident and non-resident members and their wives or dates gather for Monday night buffets (before meetings) and for various special occasions.

Delta Sigma Delta

In November of 1882 Delta Sigma Delta fraternity was founded at the University of Michigan. The present Kappa Kappa Chapter at the University of Tennessee was established on May 27, 1921, after closing of the dental school at Vanderbilt University. Since the founding of Delta Sigma Delta, to the present day, the fraternity has grown internationally with chapters located at dental teaching institutions throughout the world.

The members and alumni of Delta Sigma Delta regard the fraternity as a standard in dentistry, one which strives to create a better dentist, and one which adds strength and prestige to the profession.

Now Earl says to do it like this.

Kappa Psi

The first pharmacy fraternity of the professional fraternities, Kappa Psi, was founded at Russell Military Academy, New Haven, Connecticut, on May 30, 1879. Since that time Kappa Psi has steadily progressed to its present strength of 54 active collegiate chapters and 24 active graduate chapters with more than 50,000 members.

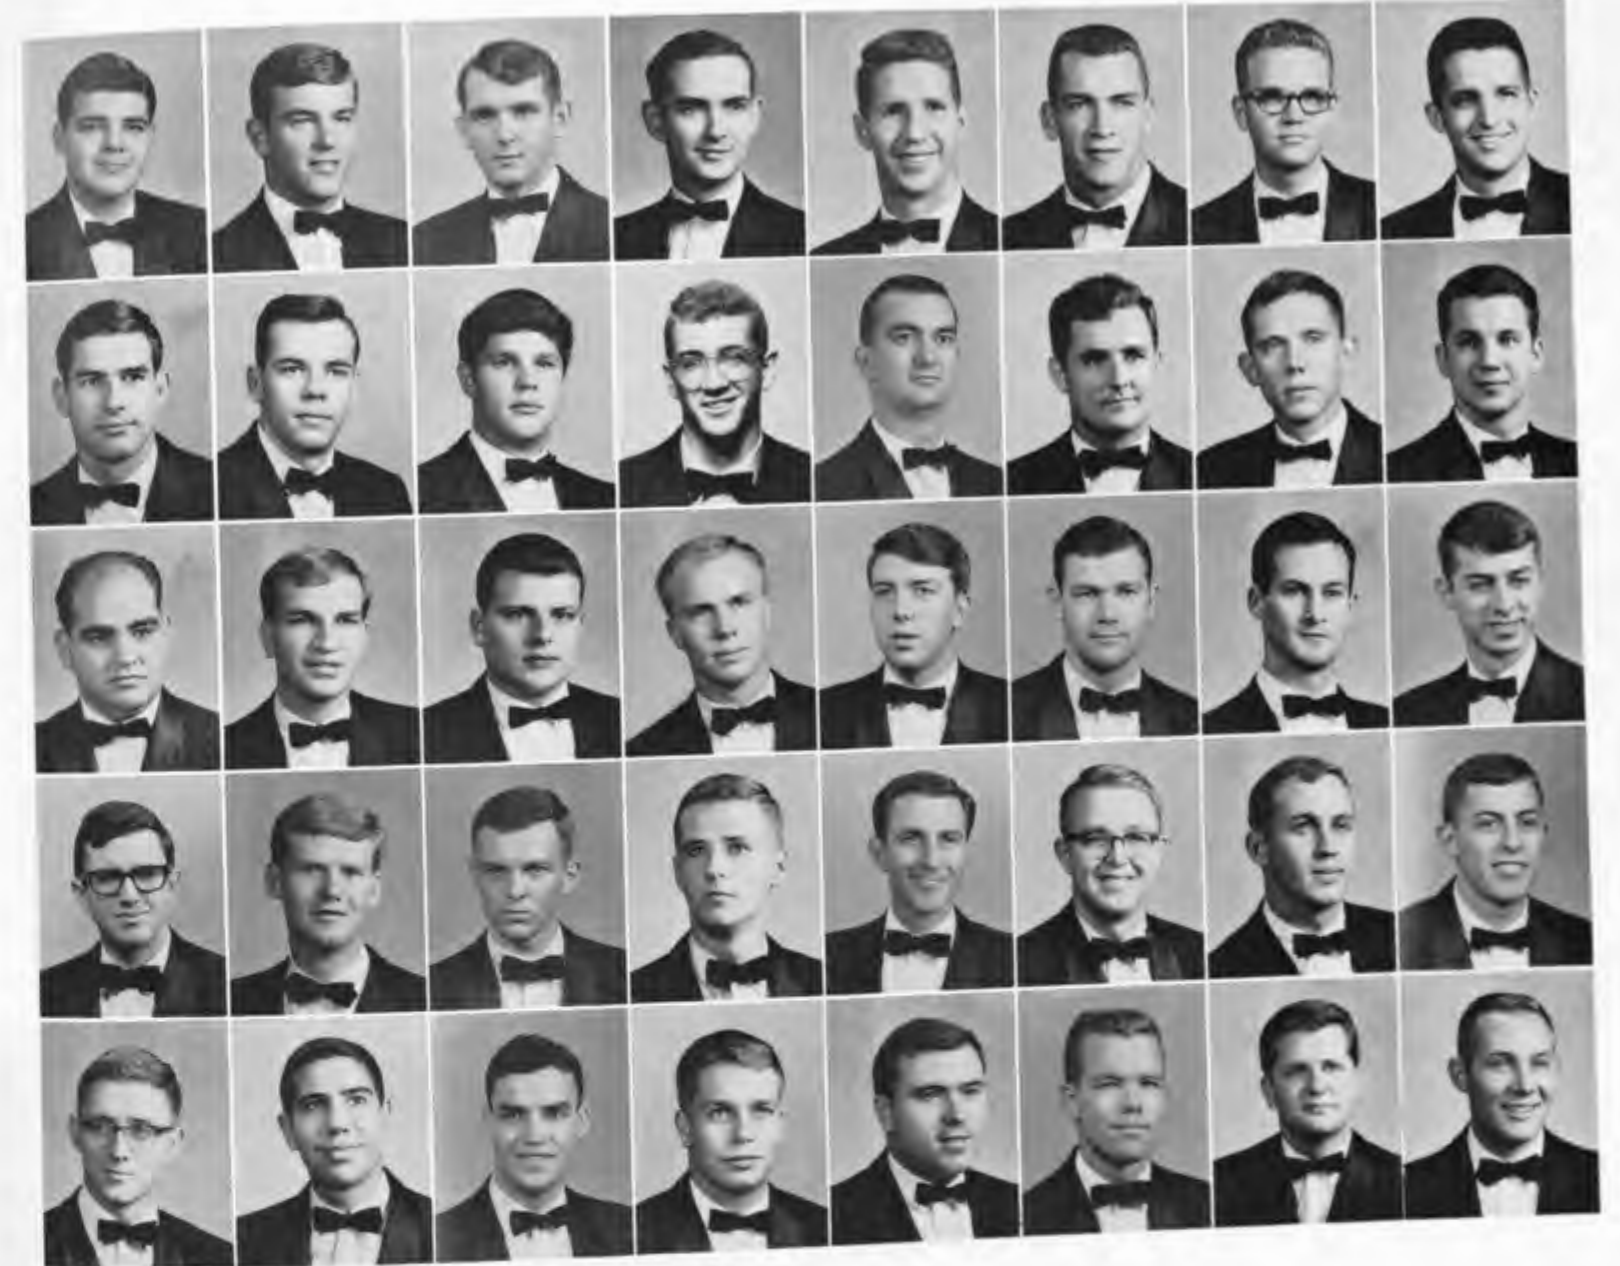

Psi Chapter was organized in Memphis in 1913, and since has become the largest pharmacy fraternity on the U. T. campus. Psi chapter takes pride in saying that it initiated forty-five new members this year which ranks at the top in all the Kappa Psi chapters in the nation. We boast over a hundred active members and are presently among the largest chapters in the nation.

We of Kappa Psi are well known as campus leaders, holding many class offices, and also in various other organizations on the campus. Kappa Psi is always an outstanding competitor in the intramural athletic league, participating in all intramural contests and ranking high in the standings.

Our chapter is especially fortunate to have such fine supervision from our faculty members: Mr. Charles Smith (our Grand Council Deputy), Dr. Seldon D. Feurt, Dr. Karl J. Goldner, Dr. Emmett S. Manley, Dr. Ian Mathison, Dr. Sidney A. Rosenbluth, Prof. William B. Swafford, and Dr. Ronald Quintana.

Kappa Psi is looking forward to another fine year with the hopes of growing even better through the continued efforts of the officers, members, and alumni.

Lambda Kappa Sigma

Lambda Kappa Sigma, founded on October 14, 1913 at Massachusetts College of Pharmacy, is the largest professional sorority for women enrolled in pharmacy. Its basic concern is to train young women culturally, socially, educationally, and professionally. Internationally, there are 41 active chapters and 19 alumni chapters. The University of Tennessee's Alpha Epsilon Chapter received its charter on May 18, 1951.

The purpose of Lambda Kappa Sigma is to promote the profession of pharmacy. Character, scholarship, and personality are basis for membership. Today the sorority is a vital and significant force among women in pharmacy.

Activities for the year included a fund-raising spaghetti supper, sorting of drugs for Juvenile Court, and supporting of an orphan in Appalachia. The national project for the sorority was supporting U.S.S. HOPE. A rush party for the new members was held prior to initiation. The strength of the sorority was enhanced by the initiation of 19 new members.

Phi Chi

The Phi Chi Medical Fraternity was founded at the University of Vermont on March 31, 1889. It has grown to become the largest medical fraternity in the world with 58 chapters spread over the world. At present there are over 45,000 members. Alpha Beta Chapter was founded here at U.V. in 1913, and was officially installed April 4, 1913. In 1930 the Alumni Association purchased a house which was located at 216 N. Waldran. Expressway expansion has forced us to move, and plans are under way for a new chapter house on Court Avenue, west of Manassas.

Phi Chi has been the intramural champions for many years, and its parties cannot be equaled. Here at Phi Chi, opportunities for academic accomplishment as well as rounded social activities are available to all members.

Phi Delta Chi

The Phi Delta Chi fraternity was founded on November 1, 1883, at the University of Michigan. Eleven men were gathered here to effect an organization to advance the science of pharmacy and to foster and promote a fraternal spirit among its members. From this beginning, the fraternity has grown to its present size of forty-five active and twenty-nine graduate chapters. Two of those graduate chapters are in Tennessee. They are the Nashville Alumni Group and Omega Graduate Chapter.

The Omega Chapter, the twenty-fourth chapter of Phi Delta Chi, was founded in 1922 at the University of Tennessee at Memphis. Dr. R. L. Crowe, Dean of the School of Pharmacy at that time and later Grand President of Phi Delta Chi, was influential in establishing the chapter.

The Omega Chapter of Phi Delta Chi has enjoyed a profitable year of fellowship. With a large membership, and the leadership of our faculty advisor, Dr. Haskell, the future looks bright.

Phi Rho Sigma

Phi Rho Sigma international medical fraternity was founded at Northwestern University in 1890. Chi Epsilon Chapter of Phi Rho Sigma was founded as Lambda Chapter of Chi Zeta Chi fraternity at the University of Tennessee in 1906. The two fraternities merged in 1929 under the present name.

The aims and purposes of Phi Rho Sigma are to develop in its members the highest standards of unselfishness, honor, and loyalty to the code of ethics of the medical profession. Chi Epsilon has a regular social program which includes not only the much-enjoyed rush parties and dances, but also prominent speakers from the school and community, an annual Founder's Day Banquet for the local alumni and members, and regular meetings preceded by a dinner for the members and their wives.

The present Chapter House, completed in 1962 is located at 1089 Eastmoreland Avenue, and houses 34 men. This year the Chapter has leased another house, one block from the main house, for an additional 17 men.

Psi Omega

Psi Omega Dental fraternity was organized in 1892. Since its organization it has grown to be the largest Greek letter dental fraternity in the world. At present there are thirty-six school chapters.

Psi Gamma Chapter was founded in 1926 at the University of Tennessee Medical Units and is now the largest dental fraternity on campus. Psi Gamma Chapter is proud of its leadership, scholarship, intramural standing, and the fellowship which now exists with the fraternity.

Psi Omega fraternity seeks to create an atmosphere of professional congeniality that will last not only throughout the years of dental study, but also in the years of dental practice that lie ahead.

Xi Psi Phi

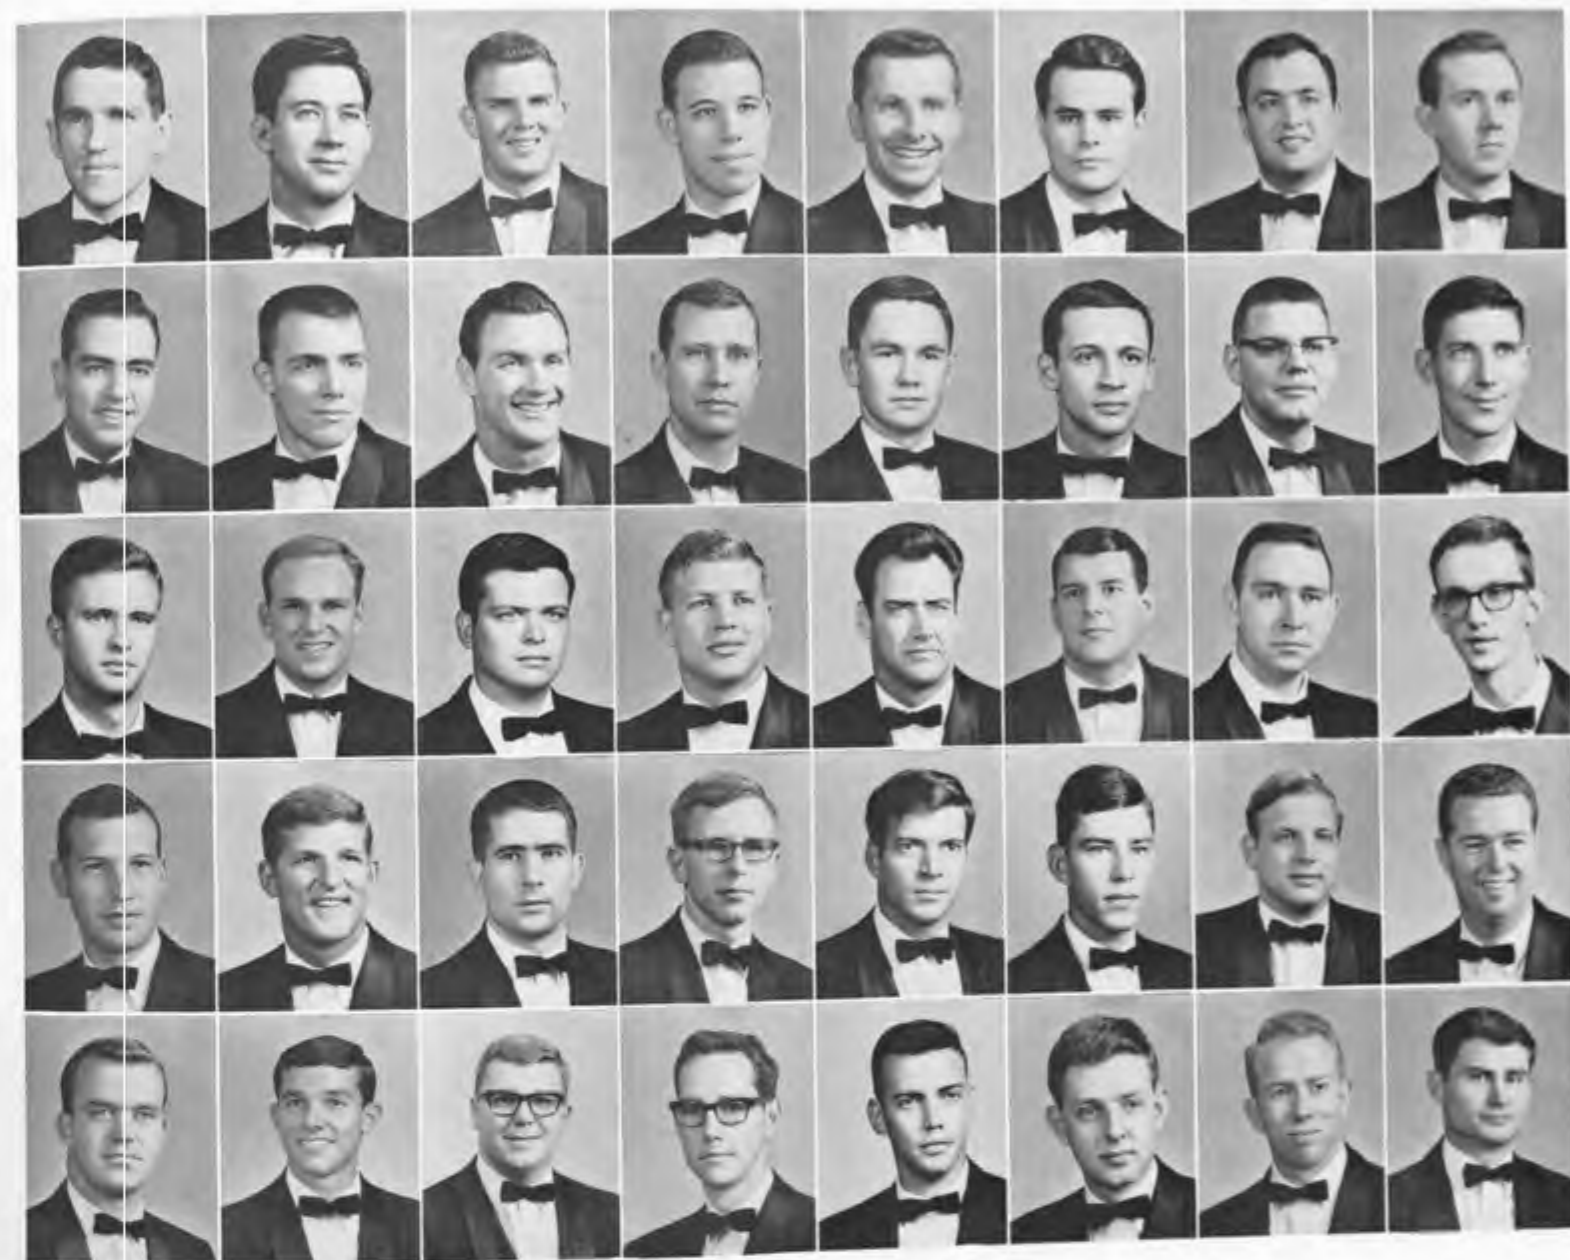

The Alpha Omicron Chapter of Xi Psi Phi was activated on March 20, 1921. The outbreak of World War II suspended the Chapter temporarily, but on November 14, 1947, the Chapter was reactivated and since then has remained an integral part of fraternity life on our campus.

Our fraternity has proven itself a leader in scholarship, intramurals, and all University sponsored activities over the years.

The XIP house is a familiar landmark at its post across from the Archway and its party room, the Pulp Chamber, is known to all.

Our members, both here and those graduating before us, have tried to lend to the profession the motto of our fraternity, "Hospitality is the life of friendship."

The Executive Board of the Student Council has endeavored to sponsor professional activities, to promote school spirit, and to champion worthwhile causes. The U.T.-Army Victory Dance and Student Council Banquet will be remembered by many as the social functions sponsored by the Executive Board. Revising the "Student to Student Handbook" and participating on a faculty committee to discuss and recommend changes for Student Health were other projects. Undertakings initiated include the formation and staff selection for "The Scope", the Medical Units first bi-monthly student newspaper, and the creation of PROGNOSIS '67, a spring symposium concerning topics of interest to the Health Sciences. Also under the Executive Board's guidance and approval functions the very active Student Union Board. This year has provided the Executive Board with many challenges. It is hoped by its members that the influence of programs instituted has been beneficial to the student body and to the Medical Units.

Prognosis '67

PROGNOSIS '67, a symposium devoted to the subject "Government and the Health Sciences", made its debut on April 21 and 22 under the guidance of the Student Council. This marked the first time that the student body sponsored an activity centered around the health professions, with large enough scope to be informative and enjoyable to the entire population of the Mid-South which was invited to attend.

The men invited to speak were Dr. Andrew D. Holt, President of the University; Dr. Homer F. Marsh, Chancellor of the Medical Units; Dr. Charles L. Hudson, President of the American Medical Association; Bernard

J. Conway, Legal Advisor to the American Dental Association; Dr. Durward G. Hall, Congressman from Missouri; Dr. Paul Pumpian of the Food and Drug Administration; Mr. Frank Holloman, Executive Director of the Mid-South Medical Council, and Dr. Ray E. Brown, Director of the Graduate Program in Hospital Administration at Duke University. The program was moderated by Mr. Fred Willis, Program Director of WKNO-TV.

The symposium was both interesting and very worthwhile, receiving critical acclaim throughout. The initial effort seemed highly successful and well-worth continuing.

The reception committee which met Dr. and Mrs. Hudson at the airport included: Gary Cuozzo, Special Arrangements Committee; Mrs. Hudson; Mrs. R. A. Calandruccio, wife of the President of the Memphis Medical Society; Dr. Charles L. Hudson, President of the American Medical Association; Riley Lunn, President of the Student Council; Bob Zicht, Publications Committee.

Barbara Poole (left) and Doris Sowell display Prognosis posters.

Mr. Bernard J. Conway delivered one of the opening night addresses.

Prognosis '67 panel speakers included: Dr. Ray E. Brown, Director of Graduate Program in Hospital Administration, Duke University; Mr. Bernard J. Conway, Legal Advisor to the American Dental Association; Dr. Durward G. Hall, United States Representative from Missouri; Mr. Frank C. Holloman, Executive Director of the Mid-South Medical Center Council; Dr. Charles L. Hudson, President of the American Medical Association; Dr. Paul Pumpian, Office of Legislative and Governmental Services, Food and Drug Administration.

Student Union Board members in planning session: George Halikas, Graduate School; Blaine Cissna, Basic Medical Sciences; Pat Stratton, Dental Hygiene; Cal Bullock, Dentistry; Joe Huntsman, Pharmacy; Jo Ann West, Nursing; and Jeannette Martin, Medicine.

Political candidates were invited to the Campus by the Student Union Board last fall.

The "LSD" Mixer Winter Quarter featured "live" music in the Recovery Room, sugar cubes and "the barrel-room crowd."

A Christmas Movie party for children of U.T. students and staff gave "Santas" the morning off—and the kids a lot of fun with popcorn and everything!

In an effort to increase the "esprit de corps" and the range of arts appreciation on the Medical Units campus, the Student Union Board was set up in cooperation with the Student Council in January, 1966.

Membership on the board is made up of one student representative from each college and school in the campus. They meet bi-weekly to plan activities for the entire student

body including a Friday night movie series, "live" entertainment and all-student mixers. A bus tour of Memphis for new students winding up at "Shakey's," an "LSD" party and the annual Summer Picnic at Ellendale Lodge have also been planned by Student Union Board this year.

Their major "project" this spring was the launching of a Blood Donor Program for St. Jude Hospital.

This year's editors: Bob Zicht, Dentistry; Nancy Johnson, Nursing; Jim Horde, Pharmacy; Frank Bowyer, Medicine, at "paste-up" time.

The Scope

The first issue of the student newspaper *Scope* on the Medical Units campus marked the realization of a goal that had existed for many years: "to give the student body a voice, regardless of the college and independent of the Administration."

The four student editors, selected by the Student Council, stated in their first editorial that the *Scope* was to be

just what the name implied: "A view both macro and micro of our own ecological niche. . . ."

The paper is printed bi-monthly alternating with the *U.T. Notes*. The editors assume responsibility for the collecting, writing and "pasting up" of articles for these editions.

Caduceus Chorus

The Caduceus Chorus, composed of men and women students from all the colleges at U.T., was organized in 1964. Weekly rehearsals directed by Mr. Tommy Lane and accompanied by student nurse Jackie Anderson, culminate in quarterly appearances and occasional out-of-town performances.

The group has entertained at U.T. Alumni meetings, the

Interfaith Association, and at several hospitals and nursing homes. A Christmas Variety program for U.T. students and other groups in the city is also an annual event.

The chorus, existing primarily for "the fun of it," also plans a number of social events during the year, climaxed by a spring outing.

"The Sound of Music" was presented by the chorus to the Interfaith Association's city-wide dinner meeting in the winter.

Accompanist Jackie Anderson, a real "winner" who, in addition to accompanying the chorus, won plaudits for solo performances at Rosewood this year.

The first people met by new students on the Medical Units Campus are those from the Student Activities Office in charge of their orientation program.

The last people seen by graduating students as they leave the campus are those from Student Activities who help plan and carry out their commencement exercises.

In between these two events the office is busy attempting to meet student needs in the areas of part-time employ-

ment, student publications, athletics, social events, fraternity and other organizations needing assistance, and seeking "student rates" for events of interest in the city.

Additional help in providing U.T.'s students with adequate pressure releases will be realized with the completion of the new Student Center complex on which construction begins this fall.

Office of Alumni Affairs

The office of Alumni Affairs strives to be of service to the University and its alumni.

It attempts to secure publicity which will increase the prestige of the University and aid in securing its adequate support.

It recognizes the achievements of alumni by keeping biographical records on approximately 12,000 alumni of the Medical Units, and the awarding of "Certificates of

Merit" to alumni who have been in creditable practice for 50 years.

A newsletter, the Center-Grams, is mailed bi-monthly to every alumnus, and other items of information are mailed periodically.

So that alumni can enjoy reminiscing, class reunions and area meetings are promoted.

Keep in touch with your alumni office when you have news or change of address.

Interfaith Association

The University Interfaith Association is a bold, new adventure in understanding. Catholic, Protestant, and Jewish chaplains are working together with men and women of the healing sciences for the health of the body and the mind of men. From time to time students plan forum type discussion on relevant subjects with specialists in the various fields to lead us in our thinking. Controversial subjects are not avoided.

Baptist Student Union

The highlight of the 1967 BSU year was the opening of the new Center at 757 Court at Manassas. The modern and functional building has added much to the overall program of worship, study, meditation, relaxation and recreation.

A dedication week program with the theme, "What Mean These Stones?", was conducted during the first week of April. Outstanding speakers from the fields of medicine and religion challenged the students to a greater degree of Christian commitment in the ministry of the Baptist Student Union to the U.T. Med Units campus.

Weekend off campus activities included the State BSU Convention held at Jackson, Tenn. in the Fall; a U.T. BSU mid-winter retreat at Sardis Lake in January and the State BSU Spring retreat at Camp Linden in April.

Four members of the group were appointed to missionary positions during the year. Miss Sandy Hood served as

Spring Quarter '67 Honors

1967 Asklepieion

Here it is—the 1967 ASKLEPIEION! We, the staff, hope that through the years it will provide you with memories of old friendships and meaningful experiences. It is your yearbook and we dedicate it to you.

Many thanks are due to those who helped us in the preparation of this book, especially Jim Stockdale and Liz Grabiell, our advisors, Les and Eddie Cooper, photographers and Bill Benson of the Benson Printing Co. It is only through their cooperation and patience that we are able to present this book to you.

Athletics

Alpha Kappa Kappa knocked down 58 more bowling pins than Psi Omega and thus won the 1966-67 Intramural Sports Championship. AKK, who had not won the Athletic Trophy since 1946-47 and Psi Omega, who had not won since 1938-39, staged a see-saw race throughout the year and it was only on the final night of the last event that the medical fraternity edged out in front by the final margin of 7 intramural points.

AKK in attaining their total point production won championships in Horseshoes, Swimming, Handball Doubles, Badminton Singles, and Bowling, and runner-up honors in Golf, Volleyball, Bridge, and Badminton Doubles. Psi Omega won the Volleyball and Softball Championships and 2nd place points in Swimming, Snooker Doubles, Handball Singles and Doubles, Track and Bowling. Kappa Psi, who led most of the year, took 3rd place by capturing titles in Tennis Singles and Doubles, Snooker Singles, Table Tennis Doubles and Basketball.

The ZIPS won the first track meet and championships in Pool Singles, and Snooker Doubles, while the Independents made a strong showing by winning the Bridge and Handball Singles Tournaments and runner-up points in Basketball. Phi Chi won the Golf and Badminton Doubles Tournaments and 2nd place honors in Badminton Singles. Phi Delta Chi captured 1st place in Table Tennis Singles and 2nd place in Softball. Phi Rho Sigma and Delta Sigma Delta failed to win championships but took 2nd place award in Table Tennis Singles and Doubles and Tennis Doubles, respectively.

Intramural Sports Director Gordon Moore presents the Grand Championship Trophy to the winning AKK Delegation.
