ASKLEPIEION

(ə-'sklē-pē-on)

Asklepieion is a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapae. Therefore, the temples in his honor were known as Aesculapions (Asklepieions). In the ancient city of Memphis, on the Nile River, there was a temple where people went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care.

"The mission of the University of Tennessee Health Science Center is to improve human health through education, research, and public service, with an emphasis on improving the health of Tennesseans."

Devastation of innocence, motivated by hate, . . . inspires a steel resolve to hurdle beyond mere survival toward the most powerful of a nation's achievements - unity.

The scars of madness remind us why we strive for achievement and excellence and therein elevate humanity.

...behind the scenes

STUDENT LIFE

Each term the Office of Student Life administers student activities which provide an opportunity for students to escape the ongoing stresses of their educational experience. These special events are planned, promoted, and carried out with the assistance of the student Entertainment Committee and members of the SGAEC. Some of the more successful events this past year were: "5:00 Friday", "Coffee Break", "Student Appreciation Day" and "Redbird's Night".

UTHSC *Redbirds* NIGHT

STUDENT APPRECIATION DAY

Our annual Student Appreciation Day celebration of students in all colleges was a success. About 600 students enjoyed messages, caricature art, bungee run, hen art, balloon art, scuba diving, laser tag, and the rock climbing wall.

The Entertainment Committee received all kinds of compliments for supplying coffee, pastries, and donuts to all students in the GEB early Valentine's Day. Student Life and the SGAEC Entertainment Committee are planning more of these since they seem to be so well liked.

Campus RECREATION

The Office of Campus Recreation is a focal point for recreational opportunities at UTHSC. Physical activity plays a vital role in the development and maintenance of a "healthy, well-adjusted" individual. The programs offered by Campus Rec are a means to educate, provide opportunities for competition and social and personal interaction between students, provide assessment and guidance in the area of fitness, and to provide student leadership opportunities.

OUTDOOR ADVENTURES

The Wonders of Nature...

The Outdoor Adventures Program provides opportunities for personal challenge and discovery. Our goal is to bring enjoyable and worthwhile experiences by introducing students to the many areas in Tennessee and nearby regions that offer outdoor recreation opportunities. Participants are instructed on a variety of skills such as camping, canoeing, reading a trail map, trip planning, and wilderness cooking. These skills can then be transferred to our personal lives giving us the ability to take charge of our own circumstances, overcome fears, and become active in group decision making.

The Imhotep Society

In 1980 the Imhotep Society became an officially recognized organization on campus, for the purpose of honoring students, faculty, staff, and alumni who have significantly contributed to student life and student process at UTHSC. It was recognized that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishments and thus did not receive recognition through those organizations which traditionally honor students for high academic achievement. While the principle objective of the Imhotep Society is to reward and recognize student leadership and service on campus, a secondary goal is to inspire students to continue leadership and service roles as alumni of the University.

Top 10 reasons why Medical Technology school is like boot camp:

1. When you get out you will never want to go back.
2. You are trained to deal with terrorist attacks.
3. You are expected to survive on minimal sleep.
4. You are subjected to mental torture.
5. There isn't that much difference between fatigues and scrubs.
6. You don't get to see your family as often as you'd like.
7. You have to get up at the break of dawn.
8. There is no time to get your hair and/or nails done.
9. You do not have the privilege of calling in sick. Be there or else!
10. Your instructors will make you cry as much as, if not more than a drill sergeant.

AMERICAN STUDENT DENTAL ASSOCIATION

2001-2002 ASDA President
Shawn Lehman-Grimes

The American Student Dental Association (ASDA) is a national student-run organization which protects and advances the rights, interests, and welfare of students with a unified voice and provides information, education, advocacy, and services.

The Association introduces lifelong involvement in organized dentistry, and promotes change for the betterment of the profession.

Right: 2002-2002 ASDA council includes J. Welch (D-2 Rep), J. Hopkins (D-2 Rep), P. Holliday (D-3 Rep), A. Baber (President-elect), B. Stroud (D-4 Rep), K. Mason (D-1 Rep), A. Cameron (Secretary), R. Kelso (LGN Liaison), and B. Davis (D-4 Rep.)

Right: Student and faculty alike had a blast at the annual Back-to-School party at Gordon Biersch! Far right: President-elect Andy Baber at the Epcot Center during the ASDA National Convention held in Orlando, Florida.

SNDA OFFICERS

Joseph Ducksworth — President
Denean Carr — Vice President
Tanisha Acker — Treasurer
Tarasha Posey — Treas-Elect
Candy Cole — Secretary
Janeen Moore — Chaplain

With the motto for the year being "All Eyes On Us," the University of Tennessee, Memphis Chapter of the Student National Dental Association hit the ground running! Looking to build on previous outstanding achievement, the UT SNDA once again set high chapter goals. With increased membership, SNDA set goals of taking the chapter above and beyond in unity, scholarship, and recognition on campus, locally, and nationally.

The UT SNDA promotes unity by participating in monthly meetings and various social events throughout the year. Monthly meetings have added a new dimension: "Lunch Knowledge." This allows members to gain information about different aspects and areas of dentistry from dental professionals. There has also been an incorporation of Q&A sessions and a skills-building lab to address concerns, dental techniques, and membership issues. On campus, SNDA displays originality with breath-taking bulletin boards in the GEB and Dunn building. SNDA also takes part in campus activities alongside other organizations.

Locally, members organize and participate in a variety of health fairs for surrounding communities in an effort to promote oral health. Dedicated to performing at least one public service project per month, SNDA can be seen locally lending a helping hand. During the NDA/SNDA National Convention in Boca Raton, FL, the UT SNDA Chapter was awarded "Chapter of the Year" for the second year straight! With our Student-Doctor Cory Newsom serving as the national SNDA President, the UT SNDA continues to be very active nationally. In the pursuit to take the chapter where no chapter has gone before, the UT SNDA strives to act as a means in educating and involving minorities in the social, moral, and ethical obligations of the dental profession.

Joseph Ducksworth
2001-02 SNDA President

PSI OMEGA FRATERNITY

Psi Omega Fraternity was founded in the spring of 1892 at the Baltimore College of Dental Surgery, the first dental college in the world. The objectives of Psi Omega are to maintain and advance the high standards of dentistry by instilling in its members the spirit of fraternal cooperation.

The Psi-O's enjoy the benefits of membership, which provides a means of relaxation with friends and classmates who have similar interests and is a stimulating source of diversion without interfering with academic standing. The fraternity also provides for a better-balanced education by promoting principles of knowledge, morality and friendship, and creates a common bond on a national level.

In 1889 at the University of Michigan in Ann Arbor, five freshmen decided to form a fraternity to place their "friendship on a more firm and lasting basis." Since that time **XI Psi Phi Fraternity** has grown to more than 20,000 members and is represented on 18 campuses in the United States and Canada.

The **ZIPs** are well known for their social functions and desire to promote dental health and goodwill. **ZIPs** Fraternity has progressed for more than 100 years because of its high ideals and worthy purposes to give each member a richer life and by living up to its simple motto:

"Hospitality is the Life of Friendship."

HONOR MEDICAL SOCIETY

Beta Chapter

THE UNIVERSITY OF TENNESSEE

Alpha Omega Alpha is the only national honor society in the world. Its reason for being can be expressed in a phrase: to recognize and perpetuate excellence in the medical profession. As stated in the society's constitution, "Alpha Omega Alpha is organized for educational purposes exclusively and not for profit, and its aims shall be the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science, practice, and related fields." ΑΩΑ elects outstanding medical students, graduates, alumni, faculty, and honorary members to its ranks. The society's key is designed after the Manubrium Sterni. The letters ΑΩΑ, engraved on the key, represent not only the name of the honor society, but the essential words in its motto:

Αξιπς ὠφελειν τοις ὑλγουντας

"To be worthy to serve the suffering"

The Student National Pharmaceutical Association (SNPhA) was founded in 1972 as the student affiliate of the National Pharmaceutical Association (NPhA). The first meeting was held on the campus of Florida A & M University, Tallahassee, FL. SNPhA is an education and service association of pharmacy students and high school affiliate members, concerned about pharmacy, and health care issues; and the need for the greater minority representation in the health, social, and health professions. The purpose of SNPhA is to plan, organize, coordinate and execute programs geared toward the improvement of the health, social, and educational environment of the community; while providing opportunities for professional development. The objective of SNPhA is to develop the role of minority health professionals as vital members of the health care team, to educate minority communities about better health care practices, and offer student members the opportunity to develop leadership skills. The members of The University of Tennessee Student National Pharmaceutical Association (SNPhA) are very active both on campus and in the community. Some civic activities include monthly blood pressure screenings, bone marrow drives, health fairs, and donating school supplies to local elementary schools.

Kappa Psi was the first national pharmaceutical fraternity and it is the world's largest. The University of Tennessee is the home of the Psi Chapter. For seventy-six years, we have instilled four virtues in our brotherhood: Industry, Sobriety, Fellowship, and High Ideas. These virtues help to advance the practice of pharmacy educationally, fraternally, socially, and professionally. Combined with the great education we receive at UT, Kappa Psi continues to help shape its brothers into being good practitioners, knowledgeable clinicians, and passionate healthcare providers that focus on the well being of the patient.

The Chapter at the University of Tennessee is the Omega Chapter, and it was the first pharmacy fraternity on this campus. The objective of Phi Delta Chi is to advance the science of pharmacy and to foster and promote a fraternal spirit among its members. This organization advocates brotherhood among its members and provides the pharmacy student with leadership skills and professional and social experiences to enhance their character. The members of the Omega Chapter are very active both on campus and in the community. Some civic activities include monthly blood pressure screenings, holiday parties for the Loving Arms children, sponsorship of Forest Park, Habitat for Humanity, and the National Fund Raising Campaign for St. Jude Children's Research Hospital. The service activities are done along with the many faculty alumni here at UT. The benefits received from Phi Delta Chi include: Professionalism, Scholastic Encouragement, Social Awareness, Brotherhood and Fraternalism.
