

Exam Information

M2 - M2021 Spring Exam Schedule (2019)

➤ *Your Testing Groups have not changed*

Assessment Dates

Your Exams are administered through ExamSoft/Examplify and will have approximately 100-125 questions. The exams will last anywhere from 2 ½ - 3 hours with 80 seconds per question.

Exams are scheduled in the C109 Computer Lab located in the GEB. Students are randomly assigned to one of two Testing Groups and these groups will alternate testing times. There are no exceptions to this policy.

You should arrive **NO LATER** than 5 minutes prior to your exam time. We may begin the exam promptly at the scheduled start time or earlier. Failure to report to the exam location on time may result in not being allowed to take the exam at that time and will have to be rescheduled.
