The Facilities Connection

News from the Office of Facilities Administration

VOLUME 3 | ISSUE 1| January 2017

Employee of Month
Anthony Williams

Congratulations goes out to **Anthony Williams,** Plumber on being selected as Facilities Employee of the Month, December 2016! Anthony was recognized for going above and beyond his normal job duties on a daily basis.

Anthony's nomination specifically outlined his quick thinking in an emergency situation involving the sewage drain line for the Alexander Library. Anthony answered the call on a Saturday and quickly assessed the situation, called a contractor to shut down the building immediately and even worked into the evening on Saturday to prepare for the shutdown. He came in also on Sunday to help repair and monitor the project and was instrumental in getting the building back up and going quickly and even helped with the clean-up of the area affected. His dedication and outstanding efforts helped greatly reduce the amount of time the Library was actually shutdown!

Submit a nomination to recognize other employees for the next Employee of the Month!

Note: Only Facilities employees can nominate or be nominated for this award.

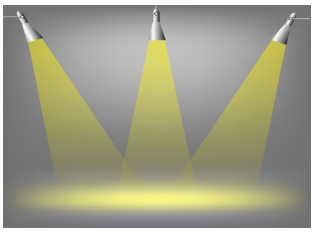
FACILITIES ADMINISTRATION SPOTLIGHT

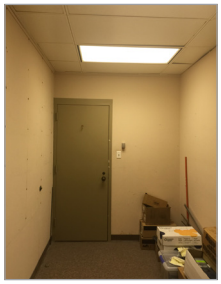
Project/Employee Spotlight

Awesome Job Team!



Dunn E201 Renovation - Ray West, Project Manager

Dunn E201 recently underwent renovation and the existing space was completely gutted by removing all of the walls and ceilings. A new private office, receptionist area and an open office area was created. The space had to be abated along with upgraded wiring, lighting, floor finishes. In addition new carpet, paint, ceiling tiles, grid and furniture were all installed! All this work was completed by an outside contractor and with the help of UTHSC Electrical Department. Take a look below!



920 Madison Building renovation - Kari Conrad, Project Manager

Work was recently finished in the 920 Madison Building on the 6th floor in Occupational Therapy. The classrooms were updated with new paint, carpet, new furniture and AV equipment. Many of the facilities department carpenters and electricians helped in updating the space. Jerry New refreshed the rooms with new paint and David Wade along with Burnie Mitchell did an excellent job installing the new carpet. Take a look at the before and after pictures below!

Key & Lock Control Management

The administration of key and lock control is now with Facilities Administration. If you need to turn in or transfer keys, have new keys issued, or have locksmithing needs, please bring completed forms (found on Facilities website) to the Locksmith office. We are located in the Physical Plant Building (room 224).

Office hours are 7:45 a.m.- 4:45 p.m., Monday through Friday. For further assistance, you may call 448-5503.

Our Mission

The Facilities Services Department is responsible for the basic operation and continuous maintenance of the physical properties of The University of Tennessee Health Science Center.

The UTHSC Facilities Administration department is responsible for many campus and construction projects. "The Connection" will continue to spotlight Facilities projects and their progress to keep you informed!

The UTHSC campus is our #1 Priority!
