

General Information

ACCREDITATION

The University of Tennessee Health Science Center (UTHSC) College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT

The UTHSC College of Medicine designates this live activity for a maximum of 22.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

HOTEL ACCOMMODATIONS

A block of rooms has been reserved at the Holiday Inn of Memphis, 3700 Central Avenue, Memphis, TN 38152, 901.678.8200, directly across from Fogelman Executive Conference Center. The special conference rate is \$90.00 single/double plus taxes. Make your hotel reservations directly with the hotel and ask for the group name: "University of Tennessee". Special rates are available until March 17, 2018, or until the block is full, whichever occurs first. Once Holiday Inn's block is full, Fogelman will be offered at \$119 per room.

LOCATION

This symposium will be held at the Fogelman Executive Conference Center, 330 Innovation Drive, Memphis, TN 38152. It is recommended that you bring a jacket or sweater as meeting room temperatures are difficult to regulate to everyone's preferences.

PARKING

Courtesy parking for paid registrants at the garage next door to the Fogelman Executive Conference Center at 330 Innovation Drive. Please bring your white ticket to exchange for an exit ticket. Parking in other locations will not be validated.

SPECIAL NEEDS

Continuing Medical Education at UTHSC fully complies with the legal requirement of the Americans with Disabilities Act rules and regulations thereof. If any participant of this meeting is in need of accommodations, please submit written requests at least one month prior to seminar date.

PURPOSE

The purpose of this joint program is to provide practicing physicians, nurse practitioners, physician assistants and other health care professionals an update regarding selected topics of importance integrating family medicine and psychiatry.

EDUCATIONAL OBJECTIVES

Following this activity, participants should be able to:

- Differentiate sleep problems in adult and children and initiate appropriate treatment and testing
- Identify malpractice issues related to medical and psychiatric practices
- Define uses of telepsychiatry to help in shortage areas
- Assess and manage psychiatric issues in postpartum period
- Describe the process evaluation, treatment, and documentation for those patients who need referrals to pain clinics
- Assess and apply updated treatments and management techniques for Osteoporosis
- Assess and apply updated treatments in dermatology
- Assess oral health of patients and assist in treatment or referral
- Describe and analyze psychiatric symptoms in patients with neurocognitive behavior problems and describe proper pharmacologic behavioral management
- Assess and treat depressive symptoms in elderly patients/assess and apply treatment for patients on anticoagulants
- Recognize common neurological conditions and proper management in primary care.
- Explain and discuss psychiatric medication use and the mechanisms of action/interaction with other medicines
- Evaluate and treat bipolar disorder patients
- Recognize and treat depression in children and adolescents
- Assess and treat patients with ADHD
- Identify neuromodulation treatments for psychiatric patients
- Increase knowledge about childhood obesity, including its prevalence, consequences, contributing factors, interventions, and approaches to prevention and treatment
- Discuss the management of abnormal pap smear
