

## **Second Look - Student Involvement Fair** **Saturday, April 13, 2024**

### **American Medical Students Association**

AMSA at UTHSC is here to enable you, our medical students, to take action in the areas of medicine and policy that are most relevant and meaningful to our community.

### **Asian American Students of Health Science**

The Asian American Students of Health Science aims to provide a safe support network and bring insight into the experience of individuals of Asian heritage in the healthcare fields by encouraging open interprofessional and cultural discourse.

### **Asian Pacific American Medical Student Association**

The Asian Pacific American Medical Student Association (APAMSA) is a national organization of medical and pre-medical students committed to addressing the unique health challenges of Asian American, Native Hawaiian, & Pacific Islander (AANHPI) communities.

### **Association of Women Surgeons**

As the UTHSC chapter of the national organization Association of Women Surgeons, AWS is committed to empowering future and current women in surgery by providing opportunities for mentorship, education, and networking.

## **Cardiology Interest Group**

CIG is an organization for medical students interested in cardiology. We host meetings highlighting adult and pediatric cardiology, day in the life of a cardiologist, research opportunities, and more.

## **Cardiothoracic & Vascular Surgery Student Interest Group**

CTVSSIG is an organization for medical students interested in cardiothoracic and vascular surgery, and provides mentorship and research opportunities in this specific field.

## **Christian Medical & Dental Association**

Christian Medical & Dental Associations (CMDA) educates, encourages, and equips Christian healthcare professionals to glorify God by following Christ, serving with excellence and compassion, caring for all people, and advancing Biblical principles impacting healthcare within the Church and throughout the world.

## **Class of 2027 Class Council**

Members of Class Council act as representatives for the student body and are responsible for organizing events, advocating for student interests, and fostering a supportive community within the class.

## **Clínica Esperanza**

Clínica Esperanza is a primary care clinic that serves the uninsured, Hispanic/LatinX adult population of Memphis. Our primary goal is to provide access to quality healthcare.

## **Council for International and Area Outreach**

The Council for International and Area Outreach (CIAO) is an umbrella organization that promotes awareness of global health care needs, facilitates opportunities and scholarships for education and research abroad, and support other student organizations engaged in public service.

## **Food is Medicine**

Food is Medicine explores the intersection of nutrition and medicine through guest speaker meetings, panels, and more.

## **Health Students Teaching Memphis Youth**

HSTMY is an interprofessional on-campus organization focused on connecting and educating local underserved youth through health topics such as better eating choices, exercise, emotions, etc., and helping to inspire future careers in healthcare.

## **Internal Medicine Interest Group**

IMIG serves to help students learn more about the field of Internal Medicine and subspecialties through monthly speaker meetings and journal clubs.

## **Interventional Radiology Interest Group**

At IRAD, our goal is to introduce student to the field of Interventional Radiology! We host related talks and hands-on workshops during the school year. We also connect our students to external opportunities related to competition, research grants, travel awards, and becoming a member of the Society of Interventional Radiology.

## **Medical Student Executive Council**

The Medical Student Executive Council is the main, overarching student government body for the entire UTHSC College of Medicine. We work directly with each and every student, as well as the faculty, deans, and administrators to ensure that all voices are heard to enact both small and large-scale changes to make the UTHSC experience the best it can possibly be!

## **Medical Students for Choice**

Medical Students for Choice is a national organization through which we provide students and community members with education on inequities in reproductive healthcare, opportunities to practice clinical skills, and resources for increased healthcare access.

## **Memphis Street Health**

Memphis Street Health is UTHSC's primary organization that operates to serve members of the community facing homelessness. Our outreach includes Room In the Inn events, monthly foot clinics, Community Garden, and more.

## **MyBaby4Me**

Come volunteer with the MyBaby4Me program, which aims to combat high infant mortality rates in Memphis by hosting informative classes for new and expecting mothers.

## **Non-traditional Students Engaging, eXploring, Uniting, and Succeeding**

NEXUS serves as a nurturing and inclusive community for non-traditional medical students, nurturing their academic, professional, and personal advancement while championing a comprehensive and diverse perspective in medical education.

## **Obstetrics and Gynecology Interest Group**

The OBGYN Interest Group is a great way to get involved and gain more experience in women's health through the activities we host which include Deliver-A-Baby Weekend, skills nights, matched M4 panel, subspecialty panels, and opportunities to learn from/network with current OBGYN residents and attendings.

## **Pediatrics Interest Group**

The Pediatrics Interest Group (PIG) aims to increase the visibility of and exposure to the field of pediatrics and its variety of career opportunities through monthly panel discussions, volunteer opportunities, and mentorship.

## **Plastic Surgery Interest Group**

An organization committed to bringing awareness about the diversity in the field of plastic surgery and creating opportunities to develop skills and make connections.

## **PsychSIGN**

UTHSC's PsychSIGN Chapter is sponsored by the American Psychiatric Association. It is dedicated to connecting students with information about the specialty of psychiatry and to serving the UTHSC medical student community through leadership, networking, research, scholarship, and volunteer opportunities.

## **Radiation Oncology Student Association**

The Radiation Oncology Student Association introduces students to a career in RadOnc through speaker meetings, research opportunities, mentorship, and more.

## **Student National Medical Association**

The Student National Medical Association (SNMA) is committed to supporting current and future underrepresented minority medical students, addressing the needs of underserved communities, and increasing the number of clinically excellent, culturally competent and socially conscious physicians.

## **Suture Tech**

Get hands-on experience repairing wounds and lacerations in a busy level 1 trauma center.

## **UTHSC Unite**

Unite is UTHSC's interdisciplinary LGBTQ+ student organization, which exists to increase awareness of LGBTQ+ issues in healthcare and increase visibility of LGBTQ+ professionals.

## **Women in Medicine and Science**

The mission of the UTHSC Women in Medicine and Science (WIMS) program is to ensure the full and successful participation of women in all roles within academic medicine and science through education, advocacy, mentoring, and networking.
