How to Access Online Safety Training

Access online safety training from the Safety Affairs Training webpage. Get to the Safety Affairs website from the UTHSC homepage using the search term "Safety training." On the toolbar The UTHSC online learning management system recently changed from Skillsoft to Cornerstone (UT calls it k@te). K@te can be accessed by clicking the Skillsoft link. This link is accessible from the Safety Affairs website: https://www.uthsc.edu/safety/training.php .

By logging in to this site, you agree to the terms of the UT Acceptable Use Policy.

4. Agree to the terms of use. Then locate the search bar on the top right corner of the screen. Type in the name of the safety training program that you are looking for. Examples include Bloodborne Pathogens, Laboratory Safety, Hazardous Waste and many more. For the sake of example I will demonstrate using Bloodborne Pathogens training.

5. Once you begin typing available selections that match your query will appear in the drop down. Click on the class you would like to take.
