

UTHSC - General Surgery Clinical Rotation G&O

Sponsoring Institution: MLH Site: MUH Rotations: Vascular Surgery PGY 1

Rotation Objectives

By the end of the Vascular Surgery rotation at MUH, PGY 1 residents are expected to achieve the following objectives based on the six general competencies. The resident should exhibit an increasing level of responsibility and independency as he or she progresses throughout the year. Since competencies learned or mastered in the previous years of residency are competencies required for a successful surgeon, the third year resident will demonstrate achieved objectives in previous years with expanded knowledge, more efficiency in performance of procedures, and additional knowledge in pathophysiology encompassing more complex disorders.

Competency	Required Skill(s)	Teaching Method(s)	Formative Evaluation Method(s)	Frequency of Evaluation
Patient Care	SPECIALTY SPECIFIC OBJECTIVES			
	Under supervision, perform the following open vascular procedures: <ul style="list-style-type: none"> • venous reconstruction and stripping • extremity amputation • dialysis access – fistula and graft Describe/Participate as an Assistant in the following open vascular procedures: <ul style="list-style-type: none"> • carotid endarterectomy • upper extremity bypass • aortofemoral bypass • lower extremity bypass (all variations) • repair infrarenal aneurysm • repair peripheral artery aneurysm • resection of vascular tumors and malformations • thromboembolctomy 	Clinical Teaching Conferences/Didactics Self Directed Learning	Focused Observation Global Rating Mock Oral Exam	Daily Monthly Annually

	<p>Under Supervision, perform the following endovascular interventions:</p> <ul style="list-style-type: none"> • diagnostic arteriography • venography • insertion of vena cava filters <p>Describe/Participate as an Assistant in the following open vascular procedures:</p> <ul style="list-style-type: none"> • arterial and venous balloon angioplasty and stenting • repair of abdominal and thoracic aortic aneurysm • placement of dialysis and other venous access catheters 	<p>Clinical Teaching Conferences/Didactics Self Directed Learning</p>	<p>Focused Observation Global Rating Mock Oral Exam</p>	<p>Daily Monthly Annually</p>
Medical Knowledge	SPECIALTY SPECIFIC OBJECTIVES			
	<p>Perform comprehensive vascular history and physical exam, including measurement of ankle-brachial indices</p> <p>Perform appropriate evaluation for establishment of hemodialysis access</p> <p>Describe appropriate use of noninvasive vascular diagnostic testing</p> <ul style="list-style-type: none"> • duplex scanning – arterial and venous • exercise treadmill testing • segmental arterial pressure determination 	<p>Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club</p>	<p>Focused Observation Global Rating Mock Oral Exam ABSITE</p>	<p>Daily Monthly Annually Annually</p>
	<p>Demonstrate an understanding of the recognition and management of the following vascular diseases:</p> <ul style="list-style-type: none"> • cerebrovascular disease and transient ischemic attack • AAA - ruptured and nonruptured • aortoiliac occlusive disease • acute and chronic extremity ischemia • renovascular hypertension • superficial thrombophelbitis and DVT • pulmonary embolization • chronic venous disease and ulceration • thoracic outlet syndrome • lymphedema 	<p>Clinical Teaching Conferences/Didactics Self Directed Learning Simulators Journal Club</p>	<p>Focused Observation Global Rating Mock Oral Exam ABSITE</p>	<p>Daily Monthly Annually Annually</p>
Practice Based Learning and Improvement	SPECIALTY SPECIFIC OBJECTIVES
