The Student Government Association Executive Council is the official liaison between the students and the administration and faculty. The mission of the SGAEC is to promote through programs, advocacy and communication, a student environment that is satisfying and accommodating to all students.

The 1992-93 SGAEC is very pleased to have been instrumental in having the old restrooms in Forrest Park demolished early in the Fall semester. The SGAEC was highly involved in the selection process for the new Chancellor. One of the major goals this year was to improve communication and relationships between African-American students and Caucasian students, and a new Multicultural Awareness Committee was formed to address these issues. We continued the spirit of giving with the Adopt-A-School project and the fundraisers for the Church Health Center. We also tried to address the entertainment needs of our students by offering a monthly coffeehouse series, Neo Gio, which featured hot, fresh coffee, pastries and musical entertainment by students. We also continued to sponsor some of the other popular activities such as the Luau, Mayfest, Fun Flicks, Springfest, International Day and Wednesday Sundae.

It has been a very productive year for student government, and we hope we have planted some very important seeds which will be nurtured and will grow in the future in regard to improved communication among students. We hope you have enjoyed the year as much as we have enjoyed planning and working to make it a great year for everyone!

# THE IMHOTEP SOCIETY

In 1980, the IMHOTEP Society became an official and recognized organization on campus, for the purpose of honoring students, faculty, staff, and alumni who have significantly contributed to student life and student process at UT Memphis. It was recognized that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishments and thus did not receive recognition through those organizations which traditionally honor students for high academic achievement.

While the principle objective of the Society is to reward and recognize student leadership and service on campus, a secondary goal is to inspire students to continue leadership and service roles as alumni of the University.

### It WAS Extreme!

Admit it. You are what you read. We built a team that handled the 1993 Asklepion with confidence, professionalism, and competence!

Developing a yearbook takes time. It requires the right attitude, the right mix of people -- photographers, editors, staff and administration, and open communication -- it takes commitment.

In the last 6 months, we were challenged, rewarded, pushed around, hired and rehired. With every deadline our priorities shifted. On and off, coming and going, marathon hours or the "catch-as-catch-can" method... we worked for this book.

Imagination creates the blueprint for reality. Transforming imagination into reality has fueled our conscientiousness and propelled us. Which goes to show that when you create the products of imagination people want, success becomes a reality.

Today, I'm looking back with gratitude. Today, the priority is celebration.

You've got what it takes!

Thanks,  
Rena Pederson

## Joseph E. Johnson, Ed. D. President

The central administration of the University of Tennessee — headed by the President of the University, who is directly accountable to the Board of Trustees — has general responsibility for the overall operation of the University.

The Board of Trustees, the University's governing body, consists of five ex-officio members (the Governor of Tennessee, the President of the University, the Commissioner of Education, the Commissioner of Agriculture, the Executive Director of the Tennessee Higher Education Commission) and eighteen additional appointed members, including one student.

Its purpose is to establish policies controlling the scope of the educational opportunities to be offered by the University as well as policies determining its operation in general. The Board has full authority to determine and to control the activities and policies of all organizations that bear the name of the University. It also controls the election, appointment and removal of all the officers, faculty and employees of the University.

# AMERICAN STUDENT DENTAL ASSOCIATION

L to R, Seated: Wes Fitzgerald, Jackie Holley McClain, Mark Evans (President), Brent Caple (Secretary). Second Row: Torey Callicut, Leslie Vaught (President-Elect), Raymonia Eddleton, Kent White. Third Row: Stuart Hudsmith, Mark Hardison, Amir Mehrabi (Treasurer), Scott Blackman, John Shuffield.

The American Student Dental Association of the University of Tennessee, Memphis, serves as the student governing body of the College of Dentistry. Membership is optional for all students; however, nearly ninety percent of the student body are members. The Executive Council consists of elected representatives from each class, dental fraternity presidents, and the Honor Council President. The Executive Council also consists of five positions which are filled by an election of the entire dental student body. Every other Thursday, the Council meets over lunch to discuss matters which need to be ironed out in the dental college, whether it is in relation to the administration, faculty, parking services, or even student life.

This year four local members serve as national ASDA officers. The members and their positions are: Leslie Vaught, Political Education National Coordinator; Mark Evans, Region IV Trustee; Scott Blackman, Legislative Consultant; and Raymonia Eddleton, Minority Affairs Consultant.

## HONOR COUNCIL

**L to R, First Row:** Robert Adair, Alisa Holbert (**Secretary**), Bobby Parker, Maricela Rodríguez. **Second Row:** Brian Himelwright, Richard Gaw (**President**), Landon Greer. **Third Row:** Kelth Harris, Roy Moscattini, Jamie Winchester.

Since September of 1984, the Honor Council in the College of Dentistry has been comprised of four students from each class, elected in the spring of their first year of dental school. Prior to this time, six students were elected. It is the collective responsibility of the Honor Council to protect the educational process by addressing possible violations of the Honor Code.

## CHEMICAL DEPENDENCY HELP PROGRAM

**L to R:** Kent White, Missy Calderon, Joseph Ruder, Jeff Moore, Mike Cooley, Jenny Benson, Christopher Rothman, Dr. Marjorie Woods (**Advisor**), Dr. Charles Shannon (**Advisor**).

The Chemical Dependency Help Program was founded in 1987 and became active in 1989. It consists of two representatives from each class. The purpose is to help students to become aware of alcohol and drug addiction as a dental student before they go to a private practice setting, and to educate students about the ramifications of having an addiction in one's career. The program at UT has been quite successful with this approach.

## HONORARY ODONTOLOGICAL SOCIETY

**Seated:** Marcus Hopkins (**President**). **L to R, Standing:** Dr. Charles Shannon (**Advisor**), Eve Cornell (**Secretary**), Michael Bobo (**Vice President**), Dale Wheeler (**Treasurer**), Ron Harris, Charles McBrayer, Dean Gould, Brent Caple, Greg Cook (**Sergeant-at-Arms**), Trey Davis.

The Richard Doggett Dean and Marguerite Dean Honorary Odontological Society was formed in 1948. The purpose of this society is "To propagate and perpetuate professional ideals, ethics, and techniques in the field of dentistry." Active members consist of UT dental students who have met the high qualifications of this society. They must be in the upper one-half of their class scholastically, have a deep interest in the profession, have gentlemanly conduct and character above reproach. They must also show promise of making important contributions to the profession of dentistry.

# 1993 Table Clinics

The Alumni Weekend celebration began with the Table Clinic competition on February 26, 1993, followed by a dance at the Peabody Skyway.

The overall grand prize winner, **Dale Wheeler**, (D3), presented his research on "Extensions of Moyer's Mixed Dentition Analysis." Dale received a DENTSPLY all expense paid trip to San Francisco, California to represent UT at the ADA Annual Session in October 1993.

Other cash prize winners included First Place Clinical: **Wade Clayton** (D2), Second Place Clinical: **Don Bethea** (D4), First Place Basic Science and Research: **Don Kelley** (D2), Second Place Basic Science and Research: **Alex Touchstone** (D3). Individual class winners included **Bryan Schmidt** and **Stuart Hudsmith** (D2), **Sonia Braxton** (D2), **Michael Bobo** (D3), **Kim Culbertson** (D3), and **Maricela Rodriguez** and **Mark Wood** (D4).

The overall winner in the Graduate Programs was the Oral and Maxillofacial Surgery Residents who presented on their research on "Arthroscopic Sclerotherapy for TMJ Hypermobility."

**L to R. Front Row:** Mike Cooley, Jeff Jaynes (**Vice President**), Ivy Chun (**Secretary**), Joe Bisquerra (**President**), Jim Ohlsson (**Intramurals**), Ernie Oyler (**Treasurer**). **Second Row:** Molly Churchwell, Amy Humphries, Nina Evans, Hope Jones, Roy Hudson, Larry Brewer, Brian Himelwright, Dana Henry. **Third Row:** Jimmy Hawkins, Teresa Stavely, Meg Maduska, Stacey Sanders, Christian Clinard, Cristin McPherson, Karla Toney, Lance Scarbrough, Matt Finley. **Fourth Row:** Miranda Childs, Andy Lunn, Jennifer Johnson, Rick Moore, Helen Pender, Rick Kinard, Thomas Knapp, David Dykes.

## Psi Omega

Psi Omega was founded in Georgia in 1842 by William Hamilton and one of his colleagues. Since then, this two-member fraternity has grown to cover the nation and to join thousands of dental students and alumni as brothers. Psi Omega at the University of Tennessee has been an important part of campus life for decades by having numerous campus gatherings. Psi-O was founded to establish a means for students to get to know one another, to form friendships, and to help each other. The basis of Psi Omega is that there are other outlets besides academics that are important in obtaining a well-rounded education. Psi-O is therefore an active participant in intramural sports, charity fundraisers, and campus parties. Psi Gamma Chapter here at UT is proud of their members and are especially excited to have become the largest Psi-O chapter in the nation!

**L to R. Front Row:** Jamie Winchester (Vice President), Aaron Payne (Editor), Djuana Cartillar (Secretary), Mark Johnson (President), Bryan Schmidt (Treasurer). **Second Row:** Mark Wood (Social Chairman), Richard Gaw, Alisa Holbert, Michael Keller, Jimmy Blount, Lance Donald, Allen Kirby, Christopher Rothman. **Third Row:** Robert Milton, Cliff Higgins, Tim Bearden, Gerald White, Kirk Quigless, Bobby Parker. **Fourth Row:** Robert Beavers, Derek Goodman, Greg Skinner, Bo Westmoreland, Greg Moore, Jamie Walmsley Jr., Scott Scallion, Tara Pappas.

## Delta Sigma Delta

**L to R. Front Row:** Laura Cotner, Charlyn Wilson, Debi Williams, Tory Callicut (Social). **Second Row:** Mindy Mangrum, Tara Milligan, Teri Foy, Liz Waggener. **Third Row:** Deidra Sturgess, Sonia Braxton, Jawanna Smith, Brady Allmon. **Fourth Row:** Michael Bobo (Treasurer), Brent Carmony, David Watson. **Fifth Row:** Rob Cain (Secretary), Dale Wheeler (Vice President), Dr. Charles Shannon (Advisor), Stephen Sullivan. **Sixth Row:** Michael Thomason, Rob Wilson, John Acosta (President), Bubba McQueen.

## Xi Psi Phi

Xi Psi Phi Dental Fraternity is cordially known as the ZIPS. Several members reside in the fraternity house located at 249 Garland Street. There is a fully-equipped laboratory which is always available for use. Intramural sports, Friday Happy Hours, and theme parties are some of the social activities ZIPS are involved in. The ZIPS are also involved with community service projects such as a trip to the Memphis Zoo with children from the local Muscular Dystrophy Foundation. Xi Psi Phi enjoys serving UT Memphis both socially and academically.

Delta Sigma Delta was established by far-sighted professional men with vision who possessed the desire to render the best dental services in the highest professional manner. On November 15, 1882, seven dental students met at Mrs. Slattery's boarding house in Ann Arbor and founded the first dental fraternity in the world. It was intended to bring together not only the most talented students of dentistry while in school, but by the establishment of the Supreme Chapter, it brought in the outstanding teachers and practitioners. Professional fraternities have strong faculty support because of the high standards required for the establishment of a chapter on campus. A good scholastic average is an important criterion for membership. Nowhere in the history of Delta Sig has it been written that we must initiate the largest number of candidates. On the contrary, the literature is replete with the philosophy of selectivity. However, it is the fastest growing chapter in the country.

Our work  
is to discover  
these inordinate possibilities.

"Now!" He tapped the abdomen with his pencil as if knocking for admission. When we have cut through the skin what is the next structure we shall meet? Come on, you fellers. You've done your anatomy more recently than I have...what's that? Yes, subcutaneous fat. Then, gentlemen, we first encounter the surgeon's worst enemy." He glared at us all in turn. "What?" he demanded in general. There was no reply. "Blood!" he thundered.

At that point the patient restored his personality to the notice of the doctors by vomiting."

-Richard Gordon, Doctor in the House, 1952

"Does the Valium help?" Potts asked the Runt.  
"It makes me feel kinda sleepy, but I feel pretty unflappable. I'm writing orders for it for all my patients."  
"What?" I asked. "You're putting them on Valium too?"  
"Why not? They're all pretty nervous, having me as their doc."

*"Traditionally, I spend my Wednesday afternoons at the golf course, lurking behind bushes and shooting my colleagues in the buttocks with a BB gun. I like to get them as they are bending down to mark their balls on the greens. Keeps them on their toes. This pastime may seem odd to you, but I've always thought it important for a doctor to cultivate an eccentricity. So, I shoot doctors on the golf course."*

## Medical Madness

**MISDEEDS:** Silicone pseudobreasts started bursting, to the surprise of everyone except the scientists at Dow Corning; new neobreasts created with fat sucked from saddlebags; lips plumped with processed cow jelly; patches allowed people to pump nicotine directly into their tissue.

**MITIGATING FACTOR:** Several people who strapped on nicotine patches but continued smoking were rewarded with highly motivational heart attacks.

-Spy, January 1993

Dr. Cecil Jacobson, a fifty-five-year old infertility specialist who ran a clinic in

Vienna, Virginia, was convicted on fifty-two counts of fraud and perjury for using his own sperm in artificial inseminations that may have produced as many as seventy-five children.

Chinese doctors claimed they had successfully switched the sex organs of a man and a woman. The doctors reportedly gave a twenty-two-year-old woman a penis made from her stomach lining and gave a thirty-year-old man ovaries and a vagina made of leather.

At a state dinner in Tokyo, President Bush vomited on the pants of Japanese prime minister Kiichi Miyazawa and later collapsed.

# WHAT A LONG, STRANGE TRIP IT'S BEEN...

I wish to thank Rena Pederson and Walter Fletcher for their help in assembling the College of Medicine yearbook section, my parents and my grandmother, who thought I was insane for performing this project, and all my friends who put up with "I can't go out...I'm editing the yearbook" over the last 4 months. It's been fun for the last 4 years "going to the extreme" with all of you, and I am outta here. . .

Have A Grateful Day,

Farewell For Now

Can you believe that this day is finally here? We, the class of 1993 have made it through four grueling years, and have achieved that once far-away goal of attaining our Pharm. D. degree. I can remember when I was a P-1, I could not wait for this day to come; however, now that graduation is near, I am already nostalgic for all the good times of the past four years. Not that I am going to miss those tremendously tedious first-year classes (Biochem perhaps?), or that year of horror (remember our second year, when we, the guinea pigs of 1993 were changed from quarters to semesters, and acquired that wonderful Micro course?). And heaven forbid I, or anyone else, should want to repeat that mind-numbing Cardiology module (no offense to the instructor, just to the material). And the fourth year, well, the worst thing about the fourth year was not being with all of the class. I surely will miss all the good times we have had. In that first year, as we paid heed to all the upperclassmen and faculty who told us to get involved, we rushed head first into Rush, ASP and other organizations. Our second year we branched out into our respective fraternities as officers, committee chairpersons and active members. Best of all was that third year, not all those modules, but the unity and caring about one another during that tough year, as we helped each other make it through modules. And the fourth year was fun too, as we were grouped up with people in our class we perhaps didn't know too well, and got a chance to know them better for a month. After we have graduated, and each one of us travels on our future paths, take time out every now and then to pause and to reflect on those four grand years, and remember those people in our class who have made our lives a little brighter. May your future endeavors be happy and successful! Farewell for now!

David C. Wynn

# Class of Nineteen Ninety Four

The Class of 1994 had its highs (BUS TRIP) and its lows (RENAL), but all in all we have had the time of our lives (NOT!) Seriously, our third professional year has been one to remember. Although we often get caught up in the trials of modules and our personal lives, our time together is quickly drawing to a close. However the friendships we have made will be with us for a lifetime.

# Senior Class Trip

On Sunday, October 18th, our class arrived at the Randolph Dorm parking lot at 5:45 a.m. with one eye open and one shut. However, thanks to a healthy supply of caffeine and lots of donuts (30 dozen that is), we headed westward towards Arkansas and we still do not know why. After an hour of luxurious bus transportation (for the majority of the class) we made a stop — for gambling that is. Dr. Art "Lucky" Straughn took us by the hand and showed us how to play "Lotto." It was at this time the females realized they were not limited to the women's restroom. Coolers were RE-packed and RE-iced and finally we were northward bound.

By about 2:00 o'clock the majority of the passengers waited impatiently to arrive in Indianapolis. An exception was the back seat guys or the "lavatory operators" who were enjoying an "elect Bush for President" rally with complimentary "hardened" orange juice. Nevertheless, time passed by quickly with entertainment by "Willie D." At last we arrived in Indianapolis or had we? J.D. and Dr. Straughn swore it was the correct city, but had no idea where to go. We took the scenic route under the stadium four times.

Eureka! We had arrived at the Westin Hotel. Travelers marched into the lobby where they were greeted by an Eli Lilly representative. After getting situated in our rooms we freshened up and our mouths began to water for a gourmet dinner. Little did we know the main course was RAISINS, tomatoes with spaghetti squash, and the freshest green beans one could taste. After dinner we gathered in the lobby for our own rendition of "Rocky Top." We were now ready to go to a sports bar to watch the World Series — Go Braves!

"Sergeant Carter" was kind enough to order wake up calls and most of the platoon was able to make it for the early breakfast where we funneled coffee and tried to regain composure with a handful of Advil. Following a thorough roll call, the troops headed out for a ten mile march through the packaging facilities of Eli Lilly and Company. At lunch we were exhausted, but gained new energy when notified there were no limits on seconds, thirds, and fourths. We stuffed our faces like gerbils to build up glycogen stores for the hike back. However, we seemed to enjoy the last part of the tour especially when tour guides acknowledged we could keep the ear plugs as souvenirs. That evening we headed to the sports bar again where both males and females were equally entertained by lingerie shows and electronic video strip poker (compliments of Vanzant). After some dancing at a club down the street, the class turned in at a cool 3:00 a.m.

Our second day in Indianapolis began with revelry at 6:00 a.m. and an upgraded twelve mile hike (double time). Our true fascination on the tours were the puppies, monkeys, and robotic mail carrier. At the end of the day, J.D. picked us up and we were bound for the "Windy City" — Chicago. Soon after our arrival we impersonated Japanese tourists and hopped off the bus for the world famous "Mothers." Although the atmosphere was exceptional, our appetites led us in different directions. However, the majority returned for the debut of some of our more talented singing classmates.

On our first day in Chicago a few classmates were fortunate enough to see the Oprah Winfrey Show. Now we know how big Oprah really is. Girls opted for shopping at its best with Neiman Marcus, Macy's, FAO Schwartz, and oh yes Tiffany & Co. Many guys took a trip down baseball memory lane at Wrigley Field. While there, several considered quitting pharmacy school after being asked to play a leading role in "Rookie of the Year" (they decided they better stick with pharmacy school, besides "D's" are considered passing). Some guys ran into Mr. Baseball Harry Carey at his own place. That evening the girls took a cultural view of Chicago and saw the play Phantom of the Opera. On the other hand the guys took a less than cultural view and went to 2nd City Comedy Club where gut wrenching laughter was provided by Jim Belushi. Later some of us went to Excalibre to see Madonna while Cheryl (thanks to Dr. Straughn) went to Bamboo Bernies.

On Thursday, again our group went in various directions — Sears Tower, shopping, and art and science museums. On our last evening in Chicago most of the group went to the hockey game to see the famous Black Hawks — LOSE (Did you know they lost Dr. Eoff?) We all admitted the best part of the game was the fights. As the evening dwindled away, many went to the John Hancock Building for a night time view of Chicago at its finest. After this rather calm, yet expensive stop, we all met at the Baja Beach Club where the pace was livened up. Classmates either danced wildly or were whipped by a woman in leather yelling "bad boy." Many found this to be the last stop and called it an evening while some insisted on exploring Chicago's night life.

Friday morning we lined up outside of Walgreens for a rush on Advil and Coronas. We then hopped on the bus with souvenirs, good memories, and severe headaches. However, we hopped back off the bus for a rush on Lysol, Wizards, Glade, and incense. Apparently J.D. failed to take care of "our business." It was definitely a long trip back, but well worth it. Although our wallets and purses came back a little empty we still gained some special memories to hold on for a lifetime.

# Class of Nineteen Ninety-Five

The Pharmacy Class of 1995 began the year with several goals in mind. The first and largest goal was to have a successful fraternity rush period. Rush was filled with fun, excitement, and exhausting schedules. Once things settled down, the P-2's decided it was time to think about a more important goal, studying!

The P-2's were also faced with leading several college organizations such as ASP, SNPhA, Honor Council, COPE Council, Phi Delta Chi, and Kappa Psi. With all these responsibilities, the Class of 1995 can always find things to do.

# Class of Nineteen Ninety Six

After struggling through organic chemistry, PCATs, and interviews to get to pharmacy school, the class of 1996 was anxious to embark on a new career. They elected officers to provide the class with guidance and leadership for the upcoming year. The class of 1996 wasted no time in getting involved in student activities as well as academics. Thus, finding the balance necessary for success in pharmacy school.

The Academy of Students of Pharmacy (ASP) is an organization that expands pharmacy education beyond the classroom and introduces students to the working of the "real world" of pharmacy. ASP offers students the opportunity to develop relationships not only with students from the UT campus, but also with pharmacists and students from the local area, the state, and the nation. ASP's strength as an organization comes from the participation of its members who work on the organization's fifteen different committees. There is a place for everyone. ASP is proud of its membership because it includes almost every pharmacy student. Throughout the year, ASP sponsors many different events such as the Patient Counseling competition, the Rxhibition, Brown Bag Day, the ASP Golf Tournament, and a blood pressure screening. This year ASP members volunteered weekly at the Church Health Center. ASP activities wind down in the spring with an awards banquet, which recaps the year and celebrates our achievements while welcoming incoming students and allowing some relaxation before finals.

Rush '92 proved to be a great success with all brothers getting to know the first year students, making new friends, and most importantly, establishing fraternal bonds with twenty-four new brothers in Phi Delta Chi. These brothers enjoyed a unique, fun-packed pledge program designed to educate, challenge, and develop them as future leaders in pharmacy. The program cultivated on January 8th as the pledges became brothers through the process of initiation into Phi Delta Chi which established fraternal bonds never to be severed.

This year at the Omega Chapter of Phi Delta Chi we had one goal: to be the number one chapter in the nation. To accomplish this we formed seven committees, all of which have been working towards getting every brother involved. With everyone participating, our chapter can further develop the fraternal spirit which binds all of us together.

Our committees improved and expanded on the great work done last year. We have increased our community service and professional projects, our fundraising efforts have been stepped up, and we are having more social functions. The most exciting work is being done in the Grand Council — 1995 committee, the group responsible for putting together a successful bid for Omega to host the national convention in 1995.

We are ready for the challenge and the responsibility of being number one. Our hard work is really paying off, with such great brothers, Omega is in good hands both now and in the future.

## PSGA

The Pharmacy Student Government Association is the student organization that represents all students of the College of Pharmacy. Made up of presidents of the classes, fraternities and honor organizations, the PSGA has tried to be very productive and leave its mark on campus. Some of the activities PSGA has been involved with include the annual P-1 orientation dinner, the annual Student Retreat, Pharmacy Weekend, support of the Church Health Center, and participation in the Adopt-A-School program. It is always satisfying to students to be able to participate in these programs. The PSGA will continue to serve the College of Pharmacy and make life a little better for everyone.

Front Row: Jim McMackin, Brad Cross, Angie Pentecost — President, Sara Brazil, Gail Gainer, Shannan Eades, Karen Franklin, Cande Wright, Alan Douglas, Rick Learned. Back Row: Mitch Pleasants, Phillip Wilkins, Lynette White.

## Honor Council

The Honor Council of the College of Pharmacy is a student operated system that is responsible for the implementation and administration of the UT Memphis Honor Code. The Honor Code is designed to create an atmosphere conducive to high academic standards, and also to establish an ethical responsibility which will be carried out into the practice of pharmacy. The Honor Council distributed a brochure to the pharmacy students concisely explaining the Honor Code policies and purposes. It is a great honor and responsibility to serve on the Honor Council, as members are elected from their class. The Honor Council is composed of three active representatives and an alternate from each of the four classes. This year's members have worked diligently, and have been exemplary representatives of their respective classes.

Front Row: Michelle Skinner, Ailsa Gordon, Tabitha Goins, Cande Wright, Christa George, Sherry Middleton, Catherine Cril. Back Row: Michelle Shake, Kenneth Caldwell, Amy Clark, Kevin Hartman, Mary Atkins.

# Organizations

## Rho Chi

Rho Chi is the academic honor society of Pharmacy. This organization accepts the top twenty percent of each class. The top fifteen percent are chosen during the second professional year and an additional five percent during the third professional year. Rho Chi provides several services to the College of Pharmacy including the bi-annual used book sale, the Remington Pharmaceutical Sciences Textbook sale, as well as co-sponsoring the annual Residency Showcase. Rho Chi is becoming increasingly active on campus and off campus in promoting the profession of Pharmacy.

Front Row: Sherry Ingram, Kim McCullough, Karen Franklin, Jeannie Lipscomb, Paula Whitlock, Michele Washatka. Back Row: Phillip Wilkins, Mark Slagle, Wesley Cowell, Kevin Holder, Mark Lee, Beau Battles.

## Phi Lambda Sigma

Phi Lambda Sigma is a National Pharmacy Leadership Society that was organized in 1965 at Auburn University. The Theta Chapter was chartered at the University of Tennessee in 1980. Phi Lambda Sigma seeks to recognize students, alumni and faculty whose leadership abilities have contributed to the professional advancement of pharmacy. Phi Lambda Sigma plays a crucial role in recognizing, encouraging and promoting leadership in pharmacy.

Front Row: Dr. Tracy Portner — advisor, Monica Heinzman, Mary Atkins, Sara Brazil, Kim Gleaves, Angie Gateley, Rick Learned. Back Row: Angie Pentecost, Phillip Wilkins, Mark Greene, Michael Brown, Kim McCullough.

# Organizations

## SNPHA

The Student National Pharmaceutical Association is an organization whose mission is to meet the challenges of the continuously expanding role of the pharmacist and to direct health care expertise to improving the advent of health care in minority communities. With everyone on one accord with the same goals, members participated in projects such as blood pressure screenings for the elderly, high school recruitment, and a campus wide blood drive campaign.

Row 2: Brenda Belman, Andrea Wright, Rudyea Woodberry, Darnisha Williams, Lynette White, Kenneth Caldwell, Edwin Arigbe. Row 3: Milton Davis, Kristy Durham, Osborne Burks, André Johnson, Sherry Ingram.

## SOS

The Student Orientation Staff is a group of students chosen by Student Life to serve as orientation leaders for incoming students. It is their job as leaders to make the transition process as easy as possible. As usual, the College of Pharmacy has the most participants as SOS leaders.

Row 1: Eleanor Scott, Kamala McMillan, Denise Trent, Paige Sims, Kristy Durham, Gretchan Holman. Row 2: Jim McMackin, Mary Lisa Phillips, Gail Gainer, Kathy Bird, Kelly Casey, Kelley Britton, Ginny Rhodes. Row 3: Robert Butler, Hillary Quinlan, Karla Rogers, Sherry Ingram, Christy Brady, Amber Lundeen, Mitch Pleasants, Dave Rogers.

*- A Tribute To -*

Mary Katherine (Kate) Mullins, Ph.D.

*"You take what you have learned  
and give it to someone else."*

- Kate Mullins

This philosophy has permeated Dr. Mullins' life for the past 20 years, since she began her career with the University of Tennessee, Memphis. Not just a professor, she has spent much of her time helping people to develop careers.

A thorough professional, Kate served her community and her school in many ways from Associate Professor and Branch Director to Professor, and as a member of various committees and boards endeavoring to move humanity a little closer to understanding and compassion.

Her extensive travels have been not only for pleasure but also to try to improve the quality of life for her fellow man. In 1986, after her appointment as Professor in the School of Social Work at UT, Memphis, she was named a Fulbright Scholar, and traveled with an interdisciplinary group studying Urban Planning in India.

Not one to sit idle, Dr. Mullins will continue her private practice at St. Patrick's which she began seven years ago.

Dr. Mullins has garnered "...a lot of memories, experiences, and sensations..." to savor. Cookie...your experience, knowledge, compassion, dedication and MERCY ME will be missed.

*- In Memoriam -*

**Linda M. Herbert**  
**10/24/40 - 11/25/92**

*"We are not human beings having a spiritual experience. We are spiritual beings having a human experience."*

- Teilhard de Chardin

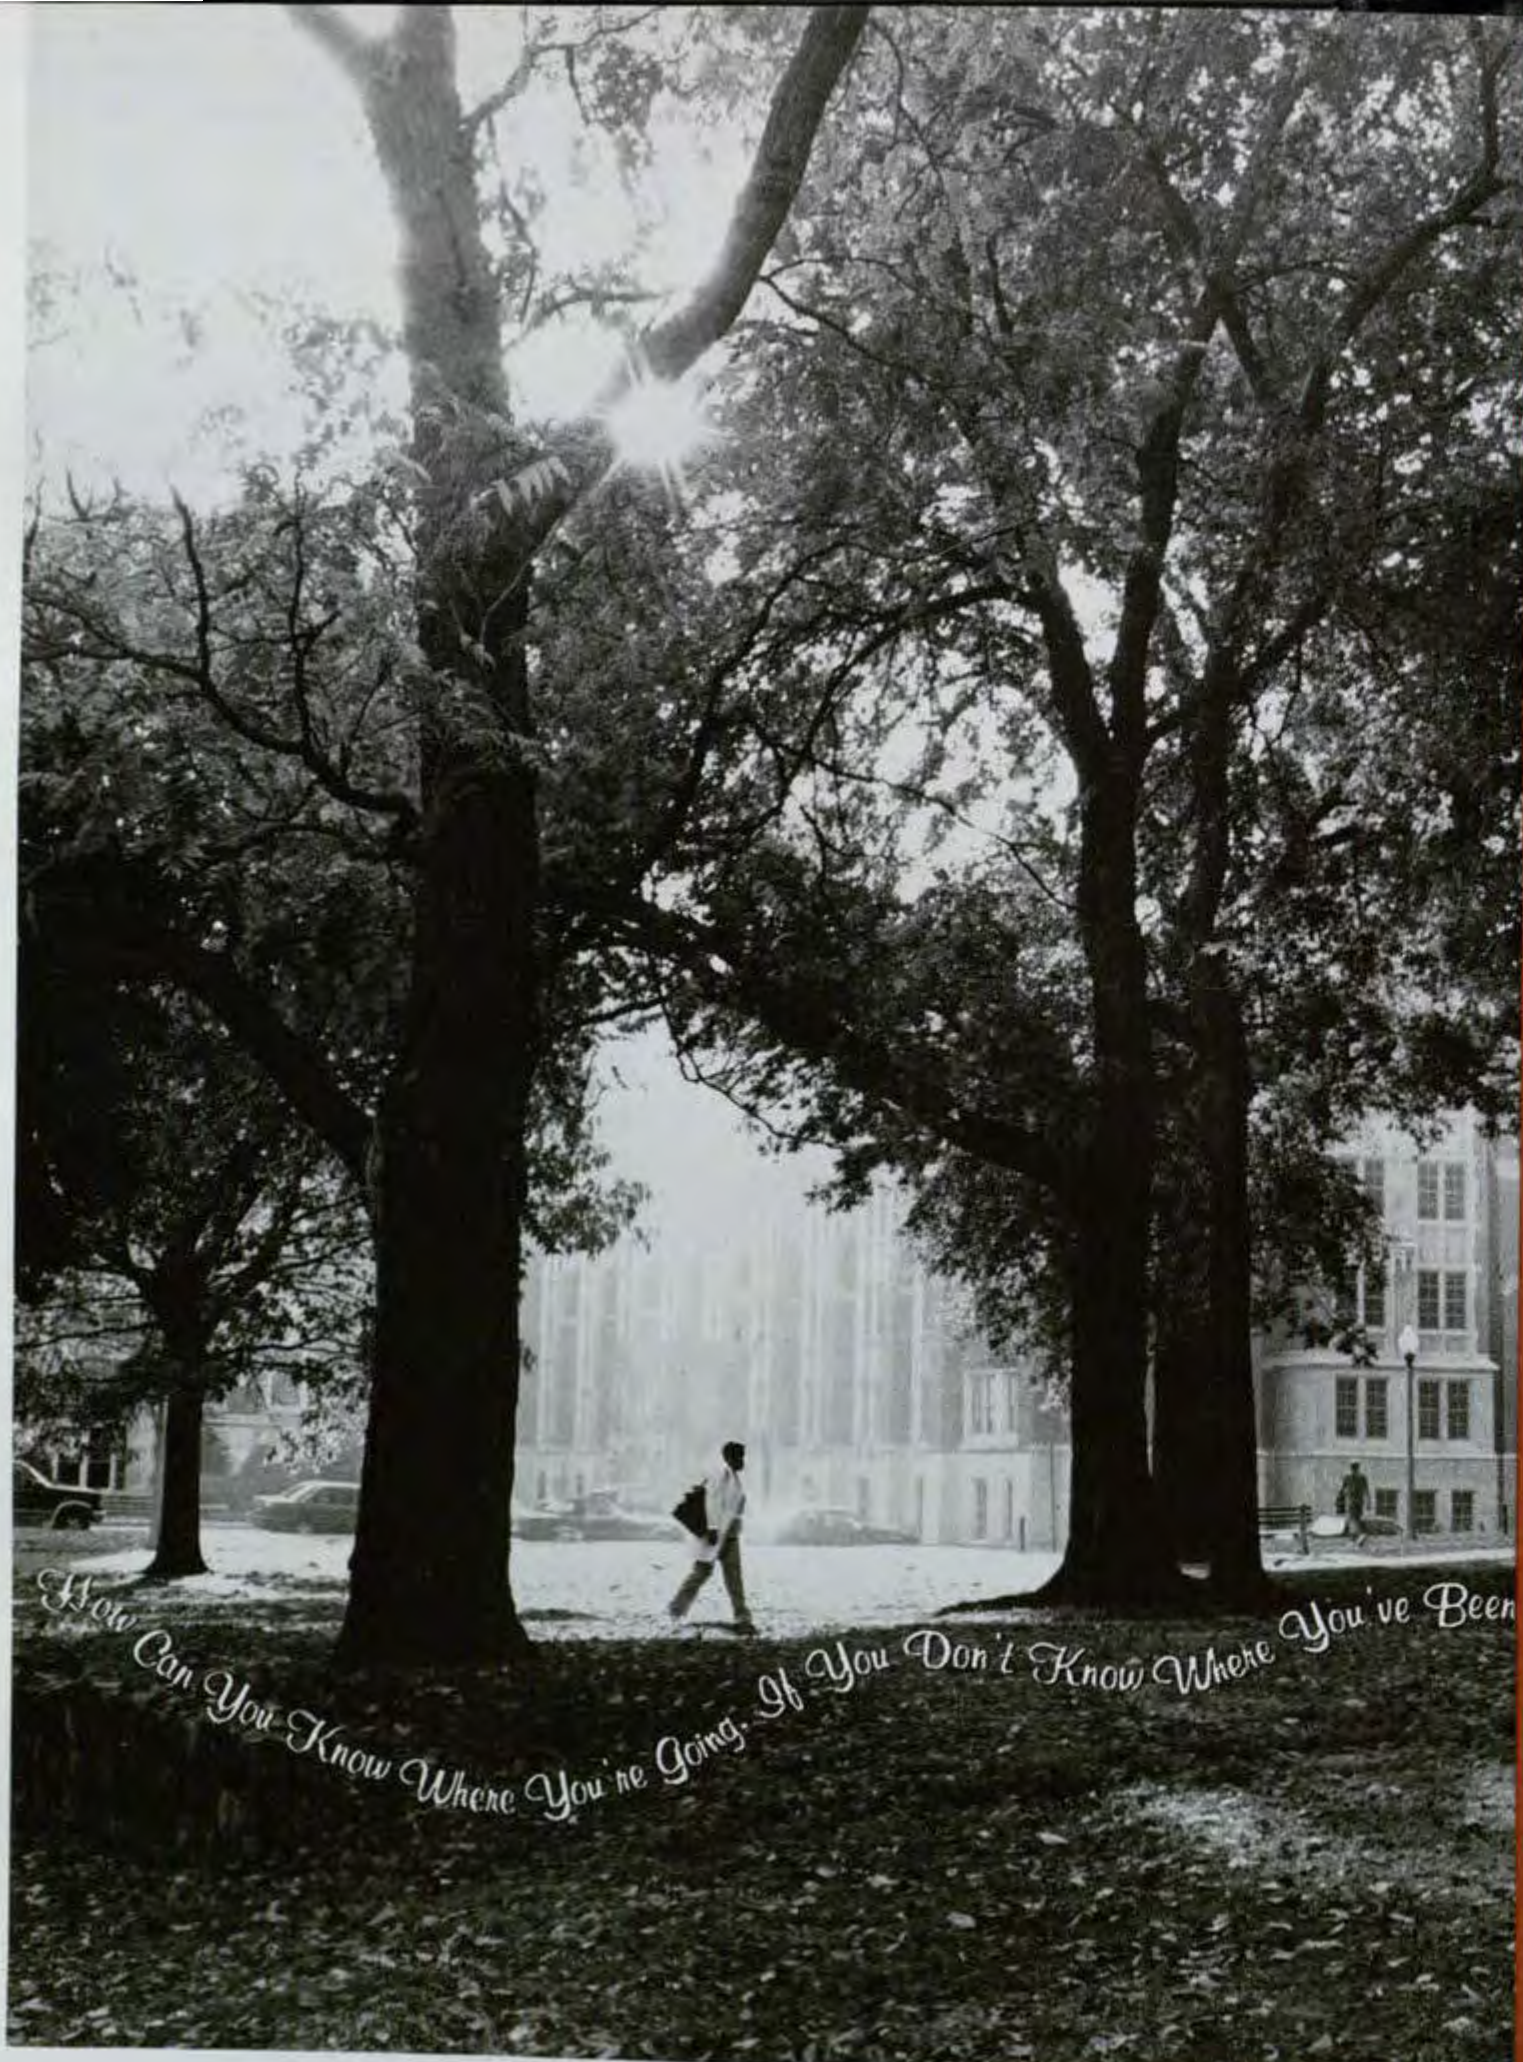

Linda came to graduate school to continue her search for her individual identity. In her journey of life, she had been the youngest daughter of four children, a wife for thirty years, and a mother for twenty-three years. She had also been a business person, a published writer of children's stories, an amateur artist, and a student. She had been all these things and yet, like so many of us, she was still searching for something more; something to fulfill the meaning of her purpose for being. What she found was the meaning of giving, loving, and caring -- virtues which she already possessed and had shared with family members, friends, and acquaintances. The profession of social work only provided her the opportunity to share those virtues in an ever widening circle as she reached out to make a difference in the lives of others.

Linda has ended her human journey, but her spirit continues to live. Her legacy of compassion, understanding, and passion for life remains in the hearts of all of us who knew her. She has finished her search for meaning.

Welcome, Linda, you are home again!

*How Can You Know Where You're Going, If You Don't Know Where You've Been*
