

COMPLIANCE NOTES:

Supportive Measures

After receiving a report of Title IX Prohibited Conduct, the Title IX Coordinator may implement interim protective and remedial measures (“Supportive Measures”) while the University assesses, investigates, and resolves the report. Supportive Measures may be implemented upon request or at the Title IX Coordinator’s initiative. Section 4.6 of the Policy explains the availability of Supportive Measures and how they are determined, implemented, and enforced.

The following are examples of Supportive Measures:

- Issuing a no-contact directive, which provides mutual restrictions between parties from having verbal, physical, written, and/or electronic contact and/or from being present on designated University-controlled property for a definite or indefinite period of time
- Issuing an Emergency Removal (i.e. Interim Suspension), an Emergency Removal of the Respondent (student or employee) is issued based on an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Prohibited Conduct. The Respondent will have the ability to challenge the decision immediately (within 3 business days) following the removal
- Informing the Complainant of the right to report the incident to the police for criminal investigation and prosecution and offering to assist the Complainant in reporting an incident to the police
- Putting a Respondent (if an employee) on leave, in accordance with other applicable University policies, prior to the conclusion of the investigation and resolution of a report or formal complaint of Prohibited Conduct
- Assisting an individual in obtaining medical, advocacy, and counseling services
- Exploring changes in living, transportation, dining, and working arrangements
- Arranging appointments off-campus for an individual for follow-up on-campus support services or offcampus support services, such as arranging an appointment with the Family Safety Center of Memphis and Shelby County to discuss options for pursuing an order of protection in Shelby County)
- Exploring changes in class and extracurricular schedules, including adjustments so that the Complainant and the Respondent do not share the same classes
- Assisting an individual in communicating with faculty
- Assisting an individual in requesting that directory information be removed from public sources by contacting the Office of the Registrar
- Accessing academic support for an individual, including tutoring

A Professional employee, such as a physician, psychologist, psychiatrist, licensed counselor, or social worker, identified in this section, is a Confidential Employee only if the Complainant is communicating as if they are a patient or client. The designation of “Confidential Employee” can also include nonprofessional employees (i.e., staff, student-trainees or student-employees) or advocates who work or volunteer in on-campus health centers or a student support services area under the supervision of a person with a professional license. For instance, a class professor or clinical preceptor, who happens to be a physician or psychiatrist, would not be a Confidential Resource because such conversations would be part of an academic course of instruction and not for purposes of professional medical treatment or counseling. All faculty members are Mandatory Reporters. Confidential Employees may periodically report non-personally identifiable information about Prohibited Conduct to the Title IX Coordinator to keep the Title IX Coordinator informed about the general extent and nature of Prohibited Conduct on and off campus.
