

# Transdisciplinary Community - based Participatory Research Training Workshop

## Application Form

---

### Applicant Eligibility Requirements

- Must be either an early stage investigator (having completed one's terminal degree in the past 10 years in either a research or clinically-focused discipline), a practicing clinician (e.g., oncology physician, oncology nurse, primary care physician, primary care nurse, pharmacist, psychologist, social worker, among others) who has an interest in growing a program of community-engaged research, or a more senior researcher or clinician who is refocusing their career to include community-engaged work.
- Must be interested in conducting community-based participatory research (CBPR) or community-engaged research.
- Must be interested in conducting research that addresses a cancer health disparities research problem.

### PART I – TO BE COMPLETED BY APPLICANT

**Name (First, Middle initial, Last):**

**Gender:**

Male

Female

**Ethnic Origin:**

Hispanic/Latino

Non-Hispanic/Non-Latino

**Racial Category:**

Asian

American Indian or Native American

Black or African American

Native Hawaiian or Pacific Islander

White

More than one race (please describe)

Other (please describe)

**PART II – TO BE COMPLETED BY APPLICANT**

**Career Level or Academic Rank:**

**Current Institution:**

**Mailing Address:**

**Phone Number:**

**E-mail Address:**

**Education degrees (with discipline noted):**

**What year did you complete your terminal degree?**

**What percentage of your work week is currently spent engaged in clinical work?**

**What percentage of your work week is currently spent engaged in research?**

**Have you ever received any research grants?**

Yes

No

\*If yes, please list title/funding mechanism below:

**Please rank your preferences for the workshop track from 1 through 3 (1=most preferred, 3=least preferred).**

\_\_\_\_\_ Primary prevention (e.g., behaviors and decisions to reduce cancer risk – physical activity, healthy eating, smoking cessation, HPV vaccination, etc.)

\_\_\_\_\_ Early detection and screening

\_\_\_\_\_ Cancer survivorship (i.e., from time of diagnosis to long term survivorship)

**We are interested in learning more about the plans of applicants with respect to submitting a grant application to secure funds for cancer disparities-focused research project. Please let us know your intentions regarding this activity by selecting all that apply:**

I intend to submit a cancer disparities-focused research grant application prior to the workshop

I intend to submit a cancer disparities-focused research grant application in the next 6 months

I intend to submit a cancer disparities-focused research grant application in the next year

I intend to submit a cancer disparities-focused research grant application, but I am unsure of the specific timeline

I am undecided about whether I would like to submit a cancer disparities-focused research grant application

I do not plan to submit a cancer disparities-focused research grant application in the future

**According to NIH, “underrepresented groups include individuals from nationally underrepresented racial and ethnic groups, individuals with disabilities, individuals from disadvantaged backgrounds, and women.” To further support the participation of underrepresented groups, a total of four scholarships are available to individuals who are accepted into the program and are from an underrepresented group. The financial support is a \$250 scholarship. Would you like to be considered for one of these scholarships?**

Yes

No

### **PART III - TO BE WRITTEN BY APPLICANT**

**Brief statement of reasons for applying for this workshop (bullet-point list or paragraph acceptable; up to 300 words maximum)**

**Brief summary of research interests (bullet-point list or paragraph acceptable; up to 100 words maximum)**

**Brief summary of your career goals (bullet-point list or paragraph acceptable; up to 100 words maximum)**

**Brief summary of a specific research study concept and how your proposed project addresses a cancer health disparities concern (e.g., identify the cancer/cancer disparity/health concern, the population of interest, possible research strategies, and potential community partners) (bullet-point list or paragraph acceptable; up to 300 words maximum)**

**Have you already engaged (are working with), a community partner on this research topic?**

**Yes**

**No**

**How did you hear about this opportunity?**

**PART IV - TO BE SUBMITTED BY APPLICANT**

Send completed application and materials saved as PDF both to Veronica Barrios-Monroy at [Veronica.Barrios-Monroy@moffitt.org](mailto:Veronica.Barrios-Monroy@moffitt.org) and Liz Womack at [ewomack5@uthsc.edu](mailto:ewomack5@uthsc.edu) with subject line: CBPR.

*A completed application is comprised of:*

A) Completed workshop application
B) Current CV or NIH bio-sketch
C) Letter of support from Department or Division Chair indicating research release time and/or support of clinical faculty conducting research (if applicable)

**PART V - TO BE SIGNED BY APPLICANT**

**Signature:**

**Date:**
