

MORE THAN 100 YEARS OF SICKLE CELL DISEASE: DEVELOPMENT OF NOVEL THERAPIES

UTHSC NORFLEET FORUM

November 1 | 7:30 am – 4:30 pm

UTHSC

CENTER FOR SICKLE CELL DISEASE

2019 Norfleet Forum Schedule

7:30 – 8:00 am	Continental Breakfast Registration Check-in
8:00 am	Welcome Jon McCullers, MD
8:05 am	Unmet Needs in Sickle Cell Disease Kenneth Ataga, MD
8:15 am	Pathophysiology of sickle cell disease – Implications for Therapy Deepa Manwani, MD
8:45 am	Hydroxyurea – An Ideal Drug for Sickle Cell Disease? Russell Ware, MD, PhD
9:15 am	When Children and Adults with Sickle Cell Disease Develop Strokes: Optimal Strategies that Maximize Benefits and Minimize Risks Michael DeBaun, MD, MPH
9:30 am	Break
9:45 am	Endpoints for Clinical Trials in Sickle Cell Disease Matthew Heeney, MD
10:15 am	Knowledge Transfer in Sickle Cell Anemia Richard Nollan, PhD
10:45 am	Patient Round Table Moderator – Patricia Adams-Graves, MD
12:15 pm	Lunch
1:15 pm	Getting Unstuck in Sickle Cell Disease: Targets and Timing Marilyn Telen, MD
1:45 pm	Inhibiting Polymerization: Spare the Rod and Save the Child? Jeremie Estepp, MD
2:15 pm	Towards Curative Therapies in Sickle Cell Disease John Tisdale, MD
3:00 pm	Break
3:15 pm	Genome Editing for Sickle Cell Disease Mitchell Weiss, MD, PhD
3:45 pm	Physician Round Table Moderator – Winfred Wang, MD
4:45 pm	Closing remarks OPTIONAL – Tour of National Civil Rights Museum

2019 NORFLEET FORUM

Speakers

Patricia Adams-Graves, MD
Professor Emeritus,
Department of Medicine
Hematology

Kenneth Ataga, MD
Professor of
Medicine & Pediatrics
Director, UTHSC Center
for Sickle Cell Disease

Michael DeBaun, MD, MPH
Professor of
Pediatrics & Medicine
Vice Chair for Clinical and
Translational Research
Vanderbilt University
School of Medicine

Jeremie Estep, MD
Assistant Member,
Department of
Hematology
St. Jude Children's
Research Hospital

Matthew Heeny, MD
Associate Chief, Hematology
Director, Sickle Cell Program
Boston Children's Hospital

Deepa Manwani, MD
Professor of Pediatrics
Director of Pediatric
Hematology, Albert Einstein
College of Medicine

Richard Nollan, MD
Executive Director,
TTUHSC Libraries

Marilyn Telen, MD
Welcome Professor of
Medicine, Director, Duke
Comprehensive Sickle
Cell Center

John Tisdale, MD
Senior Investigator
Molecular & Clinical
Hematology Branch
NHLBI

Winfred Wang, MD
Emeritus
Department of Hematology
St. Jude Children's
Research Hospital

Russell Ware, MD, PhD
Professor of Hematology
Director, Division of
Hematology, Cincinnati
Children's Hospital

Mitchell Weiss, MD, PhD
Member and Chair
Department of Hematology
St. Jude Children's
Research Hospital

Educational Objectives

- Learners will become familiar with the experience of African Americans in clinical research and the implications for individuals with sickle cell disease
- Learners will understand the pathophysiology and the basis for development of new therapies in sickle cell disease
- Learners will become familiar with current approaches to curative therapy in sickle cell disease

The University of Tennessee College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Tennessee College of Medicine designates this live activity for a maximum of 7.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**COMMUNITY
FOUNDATION**
OF GREATER MEMPHIS

National Civil Rights Museum with tour included. CME will be provided. Event is free to attend.

Register at conferences.utk.edu/norfleet

The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA institution in the provision of its education and employment programs and services.
