SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

POLICY STATEMENT:

The University of Tennessee Health Science Center (UTHSC), to meet the requirements of the US Department of Education’s (DOE) regulations governing the awarding of federal financial aid, has developed the following procedure for monitoring satisfactory academic progress (SAP). Any student wishing to receive federal student aid (FSA) funds must attain the standards that are identified for SAP per federal regulations. Such standards include both qualitative and quantitative criteria and are applied uniformly to all students enrolled in a given academic program, (e.g., full-time, part-time, undergraduate, graduate, or professional students). Note however, that SAP standards may differ among academic programs, and that college progress and promotion standards, defining satisfactory progress for a given academic program (published in the Academic Catalog), may be stricter than the federal regulations employed for determining financial aid eligibility.

Each student in a program lasting one year or less must be evaluated for SAP at the end of each payment period. For students in all other programs, satisfactory academic progress is assessed at least annually at the end of a payment period. Alternatively for programs greater than one year in length, SAP may be assessed at the end of each term, including any summer term for which a student receives financial aid.

POLICY RATIONALE AND EXPLANATION:

Process Overview & Responsibilities Resources
Federal regulations require UTHSC to establish and monitor academic progress standards for students who are federal financial aid applicants. This assessment ensures that any student who receives or applies for financial aid is making progress towards a degree. The student’s total academic history is monitored regardless of whether he/she previously received financial aid. Students are able to view their Satisfactory Academic Progress (SAP) status through Banner Self-Service. Any student placed on a warning or suspension will also receive an email notification at the beginning of a term as warranted.

In order to maintain eligibility for financial aid, a student must meet the Quantitative, Qualitative, and Maximum Timeframe defined by DOE federal regulations. Failure to meet any one of these requirements will result in the loss of federal financial aid. Programs affected by these SAP requirements are: Federal Perkins Loans, Federal Work Study, Federal Pell Grant, Federal Stafford Loan, Federal SEOG, Federal PLUS Loan, Federal Loans for Disadvantaged Students, Federal Loans for Health Professions

Responsible Office: Student Affairs
Quantitative Measure
The quantitative measure for satisfactory academic progress requires that a student must successfully complete 67% of enrolled credit hours. This is measured on a cumulative basis.

Example: If the student enrolls for a total of 24 credit hours the first academic year, the student must satisfactorily complete 16 credit hours (24 credit hours x .67 (67%) = 16 credit hours).

Qualitative Measure
The qualitative measure for satisfactory academic progress requires that a student maintain a minimum cumulative grade point average.

During the entirety of a student’s program, the student must maintain a minimum cumulative GPA of 2.00 to 3.00 depending on the degree program in which the student is enrolled and as detailed in UTHSC’s Academic Catalog.

Maximum Timeframe
An undergraduate student must achieve completion of the academic program in 150% of the published length of the program. Graduate and professional students are considered eligible for financial aid as long as they are meeting the academic requirements set forth for their program as detailed in UTHSC’s Academic Catalog.

Treatment of Attempted, Failed, Audited, Incomplete, Pass/Fail, Repeated, Transferred, and Withdrawn Credit Hours

Consistent with DOE federal financial aid regulations, UTHSC handles credit hours for SAP assessments as follows.

Attempted Hours: In keeping with the Registrar’s policy, attempted hours include credit hours in which students are enrolled in as of the end of the 14th day of the term (generally known as the “census date”).

Failed credit hours: Included in GPA and attempted but not included in completed credit hours. Grades of “F” and “U” count as failed credit hours.

Earned credit hours: Included in GPA, attempted, and completed credit hours. Grades of “A, B, C, and D” are assigned. “S” grades count as attempted and completed credit hours but does not count in student’s GPA.

Incomplete and withdrawn credit hours: Included in attempted but not included in GPA or completed credit hours. Grades of “I” and “W” are assigned to incomplete and withdrawn credit hours, respectively.

Audited credit hours: Not included in attempted, completed, or in a student’s GPA. A grade of “AU” is assigned to audit credit hours.
Transfer credit hours: Included in attempted and completed credit hours but are not included in the GPA. Grades of “TA,” “TB,” and “TC” are assigned.

Repeated credit hours: Course grades will average for GPA and all course attempts will count towards attempted credit hours but only one course credit will be counted in completed credit hours.

Warning Status
Academic progress will be reviewed following each term to determine if the SAP requirements have been met.

The first term the student fails to meet any requirement for SAP, the student will be placed on “Financial Aid Warning” status. The warning period should be utilized by the student to meet SAP requirements. The student still remains eligible for all federal funding during a warning status. Email notifications will be sent to students who are placed on a warning status at the start of the next term.

Suspension Status
A student failing to show satisfactory progress during the warning period will be placed on “Financial Aid Suspension” status. A student may not receive any federal funds while in a financial aid suspension status.

Appeals
If special circumstances exist such as the death of a relative, an injury or illness of the student, or other special circumstance, the student can complete a SAP appeal form to request their financial aid be reinstated. Also, as it relates to maximum timeframe requirement, the following extenuating circumstances will be considered: concurrent majors, change of majors, change of degree program, and transfer credits that do not apply to degree program. The appeal form is accessible via hardcopy or on the Financial Aid website.

Each SAP appeal for financial aid requires that the student develop an appropriate academic plan in conjunction with their college. The academic plan outlines those quantitative and/or qualitative measures that the student must meet each term. The academic plan remains in place until the student has achieved Satisfactory Academic Progress.

The appeal will be reviewed by a SAP Financial Aid Committee comprised of individuals in the Financial Aid Office and two college representatives. As needed, the Committee will reach out to the student’s degree program to clarify the student’s reasons for not making satisfactory academic progress. The appeal will be reviewed within two weeks of submission to the Financial Aid Office. The student will be emailed the decision either granting or denying reinstatement of his/her Federal financial aid by the Office of Financial Aid. Until a decision is made by the committee, any future decisions of enrollment by the student should be under the assumption that federal financial aid will not be provided and that payment of tuition will be the obligation of the student. Decisions of the Appeals Committee can be appealed in writing to the Associate Vice Chancellor for Student Affairs and Enrollment Services within (5) five business days of the Committee email notification.
Probation Status
A successful SAP Appeal will result in the student being moved from “Financial Aid Suspension” to a “Financial Aid Probation” status. This allows the student to continue to receive Federal financial aid for one term or as long as the student is meeting the requirements set forth in their academic plan. The student will be reviewed at the end of their probation term to determine if the student is meeting SAP requirements. If the student is not meeting SAP requirements at the end of the probationary term or is failing to meet the terms of their academic action plan, the student will be moved to a “Financial Aid Suspension” status. Probationary students achieving SAP will have their eligibility for federal aid reinstated and their probationary status removed.

Regaining Eligibility
A student who fails to meet SAP requirements and whose appeal is unsuccessful can regain eligibility for Federal financial aid by completing the number of credit hours necessary to achieve the 67% course completion requirement and minimum cumulative grade point average for the student’s degree program as outlined in UTHSC’s Academic Catalog. However, this will be at the student’s own expense. When a student believes he/she is meeting SAP requirements, the student must so inform the Financial Aid Office in writing and request a reinstatement of his/her aid eligibility.

DIRECTIONS:
- Complete all items on page 1.
- Your academic advisor(s) must complete all items on page 2.
- Attach appropriate documentation and return to the Office of Financial Aid.

I was unable to maintain Satisfactory Academic Progress during the previous academic period because (please check one of the following circumstances):

1. I experienced a death or major illness within my immediate family.
2. I experienced a personal illness or injury.
3. Other special circumstance
4. Withdrawal from all classes in a term

Please explain the specific circumstances that prevented you from making Satisfactory Academic Progress during the previous academic year. You may attach as many additional pages as needed to fully explain your individual circumstance(s). Personal statements that do not provide sufficient information to fully explain your situation may cause your appeal to be denied. Documentation of your individual situation must also be provided.

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

Please explain what has now changed and/or how you will address the circumstance(s) described above so that you can successfully complete your academic program. You may attach any additional pages or provide additional documentation, as needed.
You must meet with your college’s academic support staff. He or she must complete the information below and sign the form before your appeal can be considered.

**Academic Staff:**

Please complete the following information as it pertains to your student.

Student’s attempted credit hours: ________________________________

Student’s completed credit hours: ________________________________

Student’s cumulative grade point average (GPA): ____________________

Please provide an academic plan needed for the student to meet minimum Satisfactory Academic Progress requirements:

1. Cumulative 67% completed/attempted credit hours and 2. Minimum Cumulative GPA required by your degree program

By signing below the Academic Staff member certifies that if the student follows the plan described above the student will be meeting minimum SAP standards by the end of the academic plan. By signing below the student certifies that he/she will adhere to this academic plan and failure to meet the academic plan will result in suspension of federal financial aid.
