

Connecting to ROH Employee Wi-Fi Network

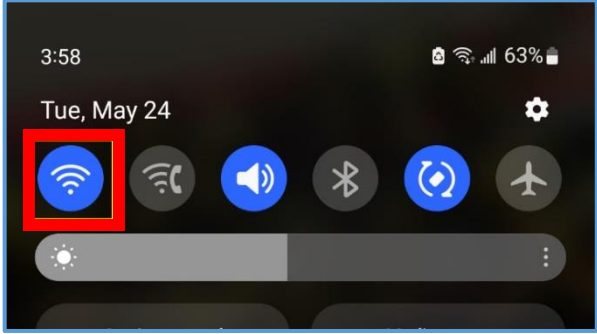

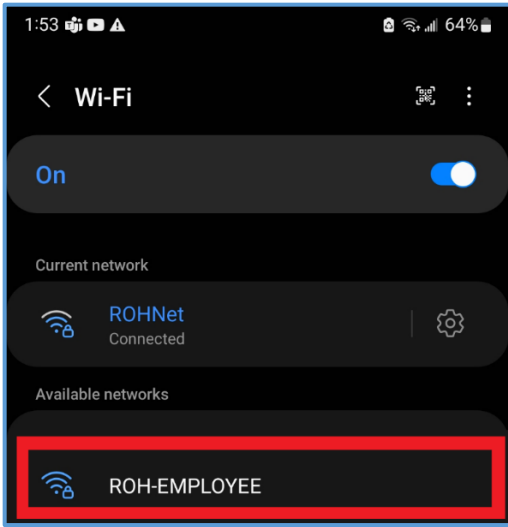

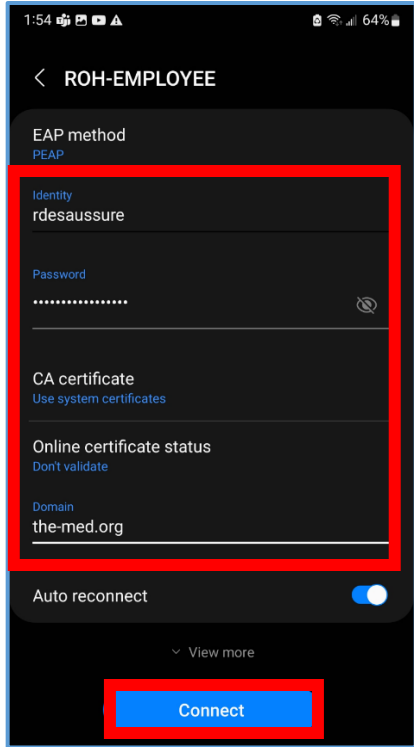

Find your specific type of device (iPhone/iPad, iMac/MacBook, Android, or Windows) below, and follow the steps to connect to the ROH Employee Wi-Fi Network.

Step	Instruction	Reference
1	For an iPhone/iPad device, open the wireless settings by pressing and holding the wireless icon. Press and hold the wireless icon on the next pop-up window to show a list of available Wi-Fi options.	
2	Select " ROH-EMPLOYEE " from the list of available Wi-Fi options.	
3	Enter ROH Username & Password. Click Join.	
4	Click Trust to authenticate Certificate.	

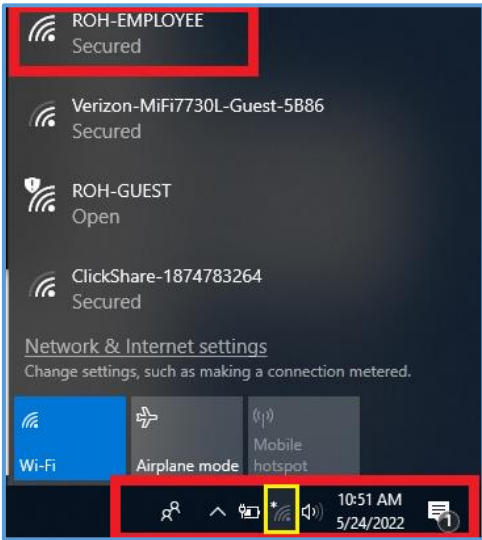

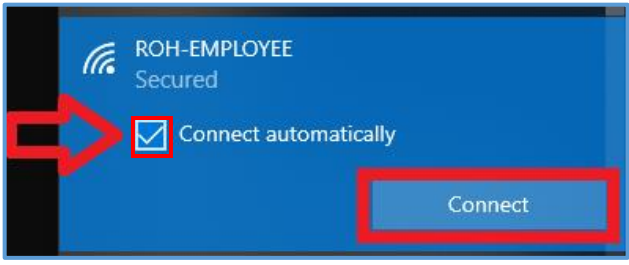

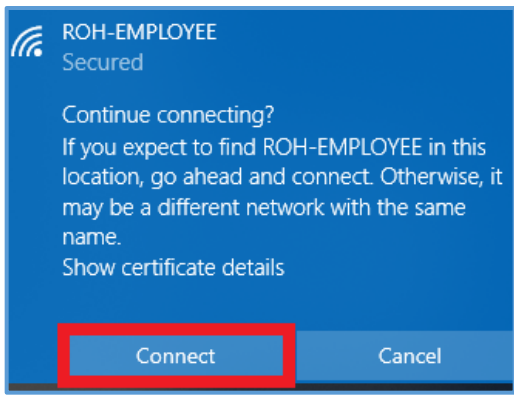

Connecting to ROH Employee Wi-Fi Network

1	For an iMac/MacBook device, click on the Wireless icon in the upper corner to display available Wi-Fi options. Select “ROH-EMPLOYEE” from the list of available Wi-Fi options.	
2	Enter ROH Username and Password. Click inside the box to the left of “Remember This Network” to show a checkmark. Click Join.	
3	Click Continue to Verify Certificate.	
4	Enter your credentials to accept the changes for Certificate Trust Settings: Use the username and password used to log into the Mac. This may not be your ROH credentials. Click Update Settings.	

Connecting to ROH Employee Wi-Fi Network

1	For an Android device, open the wireless options by clicking on the Wireless icon.	
2	Select " ROH-EMPLOYEE " from the list of available Wi-Fi options.	
3	Complete the following Wi-Fi settings for ROH-EMPLOYEE: • Enter ROH Username and Password. • For CA Certificate, select "Use System Certificates." • For Online Certificate status, select "Don't Validate." • For Domain, type "the-med.org" Click Connect when complete.	

Connecting to ROH Employee Wi-Fi Network

1	For a Windows device, open the wireless options by clicking on the Wireless icon. Select “ROH-EMPLOYEE” from the list of available Wi-Fi options.	
2	Click inside the box to the left of “Connect Automatically” to show a checkmark. Click Connect.	
3	Click Connect to continue connecting to the ROH Employee network.	
4	Enter ROH Username and Password. <i>DO NOT</i> checkmark the box stating: <i>“Use your Windows user account.”</i> Click OK.
