

## Asklepieion (ə-skle-pe-on)

Asklepieion is a word derived from the name of Aesculapius, the Greek god of medicine and healing. Aesculapius was honored and worshipped throughout the Greek world by persons seeking the healing powers of the physician. Temples were erected in honor of Aesculapius near healing springs or high mountains. Those who worshipped him were known as Aesculapae. Therefore, the temples in his honor were known as Aesculapions (Asklepieions).

In the ancient city of Memphis, on the Nile River, there was a temple where people went for worship and for care. In our own city of Memphis, on the Mississippi River, people come to our Asklepieion for healing and care.

## Student Organizations

### The Imhotep Society

In 1980, the SGAEC established the Imhotep Society, a campus organization to recognize students who, because of their service and leadership, have significantly contributed to student life on this campus. It recognizes that many student leaders, in performing their functions and assignments, may have sacrificed high academic accomplishment and thusly did not receive recognition through those organizations that traditionally honor students for high academic and clinical achievement. The society was named after the ancient Egyptian god of medicine - Imhotep.

# College of Dentistry

## Student Government Association

The College of Dentistry Student Government Association, or CoDSGA, serves as the collective voice of the students and functions as the local dental student government. It represents the dental college student body to the administration and faculty, dental profession, and the Memphis community. CoDSGA serves as a forum for students from each dental class to work together to promote changes for the betterment of the college.

The University of Tennessee College of Medicine Chattanooga (UTCOCM), partnering with Erlanger Health System, continues to grow in its role as the primary provider of health care and education in the southeast Tennessee region. The Chattanooga Medical College, part of a Grant College later renamed the University of Chattanooga, was opened in 1899. The current College of Medicine was established in 1973 as a branch campus of the main medical school in Memphis. It provides training for junior and senior medical students, as well as residency and fellowship programs.

Our 13 accredited residency and fellowship programs include:

- Colon and Rectal Surgery
- Emergency Medicine
- Family Medicine
- Internal Medicine
- Obstetrics and Gynecology
- Orthopaedic Surgery
- Pediatrics
- Plastic Surgery
- Surgery
- Transitional Year
- Geriatric Medicine Fellowship
- Hospice/Palliative Care Fellowship
- Surgical Critical Care Fellowship
- Vascular Surgery Fellowship
- Orthopaedic Trauma Surgery Fellowship (not seeking accreditation)

THE UNIVERSITY OF TENNESSEE HEALTH SCIENCE CENTER  
**COLLEGE of MEDICINE** **UT**  
CHATTANOOGA

UTCOCM encourages university and community investigators to collaborate and explore exciting new areas of health care innovation. Current initiatives include:

- ▶ Awarded CPAHY (Center for Physical Activity and Health in Youth) funds to support ongoing studies to prevent and treat diabetes and obesity
- ▶ Awarded funding to explore development of an orthopaedic nanofiber/antibiotic medical device with UT Chattanooga, UT Knoxville and E-Spin Technologies
- ▶ Stroke treatment in collaboration with the Erlanger Southeast Regional Stroke Center, southeast Tennessee's first and only accredited primary stroke center
- ▶ Research on high-risk, low birth-weight babies in collaboration with Regional Obstetrical Consultants
- ▶ Selection of the UTCOCM Medical Library to participate in the National Library of Medicine's "Value of Library and Information Service in Patient Care" study.

UTCOCM also partners with Erlanger Health Systems as a member of the Institute of Healthcare Improvement Open School Program.

The UTCOCM Office of Continuing Medical Education (CME) continues to serve as the statewide UT Health Science Center administrative office. It has received national accreditation with commendation from the Accreditation Council for Continuing Medical Education, which less than 10 percent of all providers receive. In addition to its statewide role, the office provided credit approval support and educational management to Knoxville and Memphis departments, Erlanger Health System committees, and regional medical providers. Some of the past year's programs (both new and recurring), which exemplify the office's commitment to excellence include:

- ▶ Stroke Education Series in cooperation with the Southeast Regional Stroke Center (international audience)
- ▶ Risk Management Seminars in cooperation with State Volunteer Mutual Insurance Company (statewide audience)
- ▶ Annual Family Medicine Update and Addiction Medicine Conference (regional audience)
- ▶ Faculty Development Curriculum including monthly series and a retreat
- ▶ Ethics Quarterly in cooperation with Erlanger Health System Medical Ethics Committee
- ▶ Annual Research Compliance and Methods conferences

## HONOR MEDICAL SOCIETY Beta Chapter THE UNIVERSITY OF TENNESSEE

**A**lpha Omega Alpha is the only national honor society in the world. Its reason for being can be expressed in a phrase: to recognize and perpetuate excellence in the medical profession. As stated in the society's constitution, "Alpha Omega Alpha is organized for educational purposes exclusively and not for profit, and its aims shall be the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medical science, practice, and related fields." AΩA elects outstanding medical students, graduates, alumni, faculty, and honorary members to its ranks. The society's key is designed after the Manubrium Sterni. The letters AΩA, engraved on the key, represent not only the name of the honor society, but the essential words in its motto:

Αξις ὠφελεῖν τοὺς ὑλοῦντας

**"To be worthy to serve the suffering"**
